¿Es segura la silla alta de su niño?

¿Qué tal el corral o la cuna?

Cada año más de 50,000 niños de Estados Unidos reciben tratamiento en las salas de urgencias por lesiones causadas por productos que habían sido retirados del mercado, tales como cunas, corrales y sillas altas.

Antes de comprar o volver a utilizar un producto, investigue si aún es seguro o si ha sido retirado de mercado.

Es fácil hacerlo. Comuníquese a la Comisión de Seguridad de Productos del Consumidor (Consumer Product Safety Commission).

- **Email:** Inscríbase en *www.cpsc.gov/about/subscribe.html* para recibir avisos de productos retirados de mercado.

Muchas bibliotecas tienen acceso a Internet.

Proteja a su hijo. Primero investigue si el producto ha sido retirado del mercado.

Washington State Department of Health

Dear Colleague,

The Washington State Department of Health (DOH) is pleased to provide camera-ready art for printing this educational material. To ensure that the original quality of the piece is maintained, please read and follow the instructions below and the specifications included for professional printing.

- **Use the latest version**. DOH materials are developed using the most current information available, are checked for clinical accuracy, and are field tested with the intended audience to ensure they are clear and readable. DOH programs make periodic revisions to educational materials, so please check this web site to be sure you have the latest version. DOH assumes no responsibility for the use of this material or for any errors or omissions.

- **Do not alter**. We are providing this artwork with the understanding that it will be printed without alterations and copies will be free to the public. Do not edit the text or use illustrations or photographs for other purposes without first contacting us. Please do not alter or remove the DOH logo, publication number or revision date. If you want to use a part of this publication for other purposes, contact the Office of Health Promotion first.

- **For quality reproduction**: Low resolution PDF files are intended for black and white or color desktop printers. They work best if you are making only one or two copies. High resolution PDF files are intended for reproducing large quantities and are set up for use by professional offset print shops. The high resolution files also include detailed printing specifications. Please match them as closely as possible and insist on the best possible quality for all reproductions.
