Send to: [simana.dimitrova@doh.wa.gov](mailto:simana.dimitrova@doh.wa.gov)  
FAX (360) 586-7424

**Performance Measure #1** – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and Pediatric Influenza.

**Reporting Measure**

**A:** Number of doses of vaccine ordered by each LHJ

**B:** Number of doses administered as recorded in CHILD Profile

PM#	Objectives / Strategies	Action	Status As of Dec. 31, 2009
1	Visit every provider in the county that uses state supplied vaccine at least 1x this calendar year to provide education and training on CHILD Profile and recruit / improve their participation.	<ol style="list-style-type: none"> <li>1. Hire .5 FTE new RN</li> <li>2. Hire .25 FTE new Administrative Assistant</li> <li>3. Work with Providers to enter immunization data into Child Profile to be counted.</li> <li>4. Identify Child profile status for all providers and identify barriers to use.</li> <li>5. Provide on site evaluation to determine best way to integrate Child Profile into Practice.</li> <li>6. Provide on site train the trainer use of Child Profile.</li> </ol>	We did hire the positions. As decreased funding occurred these positions were combined with other programs as well and have not been rehired at this time.
1	Work with providers in the county that use state supplied vaccine to develop/implement a reminder/recall system.	<ol style="list-style-type: none"> <li>1. To use child Profile immunization record, including historical dates, entered for each child.</li> <li>2. Provide providers technical assistance with data entry</li> <li>3. Explore possibility of “dumping data” from other programs.</li> <li>4. Share paper method used by CCHHS</li> </ol>	A provider recall system was implemented with all VFC providers.
1	Provide immunization presentations for physicians detailing new	<ol style="list-style-type: none"> <li>1. Presentations scheduled</li> </ol>	We worked with immunization

	vaccines, with emphasis on Rota virus, and HPV	for providers in the county 2. Provide informational packets distributed to providers unable to attend	providers on a one to one level as help was needed.
--	--	---	---

**Performance Measure #2** – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

**Reporting Measure**

**A:** Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)

**B:** Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines

**C:** Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of “essential fields”

PM#	Objectives / Strategies	Action	Status As of Dec. 31, 2009
2	Hire additional new staff; send to CD and PHIMS training; familiarize them with 2002 guidelines in PHIM;	1. Hire .5 FTE new RN or disease investigator 2. Hire .25 FTE new Administrative Assistant	Same as above.
2	Verify contact investigation on 100% and follow-up phone call with 50% Chlamydia cases.	1. Complete Chlamydia investigation in timely manner 2. Conduct follow up telephone interviews	We did complete the follow up calls on Chlamydia cases.
2	Conduct an in-house training on the policy for timely and complete case investigation	Training for CD Staff on PHIMS reporting procedures.	We hold week meeting for internal staff on CD cases.
2	Increase internal communication and tracking of CD cases for timely and complete case investigation.	1. Training for staff on reporting requirements and team approach to investigations. 2. Expand internal database and tracking system.	We are holding monthly CD case findings with our internal CD staff.

**Performance Measure #3** – Develop and implement effective community and health care system interventions to address obesity and its consequent burden of chronic disease. Interventions may target worksites, schools, communities, or primary medical care.

**Reporting Measure**

**A:** Number and description of LHJ activities and interventions to address obesity or chronic disease and association

risk factors in the community.

<b>PM#</b>	<b>Activity</b>	<b>Resources</b>	<b>Status As of Dec. 31, 2009</b>
3	Possible work school districts and Public Health Advisory Committee on school based programs regarding obesity and exercise	Work with Clallam County Public health Advisory Committee	We participated in a Wellness Coalition as time allowed.
