

## 5930 Work Plan Template Consolidated Contract Deliverable

LHJ Name: Mason County Public Health  
Date: February 22, 2010  
LHJ Work Plan Contact:

Due: February 15, 2010  
Send to: [tiffany.escott@doh.wa.gov](mailto:tiffany.escott@doh.wa.gov)  
FAX (360) 586-7424

**Performance Measure #1** – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and pediatric influenza.

**Reporting Measure**

**A:** Number of doses of vaccine ordered by each LHJ

**B:** Number of doses administered as recorded in CHILD Profile

PM#	Objectives / Strategies	Action
1	Increase provider awareness of their rates of new and under-used child and adolescent vaccine and work toward increase in uptake.	Review individual provider rates with providers and collaborate on provider workplans with action steps toward increasing uptake and performance review.
1		

**Performance Measure #2** – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

**Reporting Measure**

**A:** Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)

**B:** Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines

**C:** Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of “essential fields”

PM#	Objectives / Strategies	Action
2	Improve reporting of STD notifiable conditions in community provider offices where screening of STD's is less common due to practice focus.	Review reporting policies and procedures with community providers, collaborate on individualized provider systems that will prompt complete and timely reporting and conduct performance review.
2		

**Performance Measure #3** – Develop and implement effective community and health care system interventions to address obesity and its consequent burden of chronic disease. Interventions may target worksites, schools, communities, or primary medical care.

**Reporting Measure**

**A:** Number and description of LHJ activities and interventions to address obesity or chronic disease and association risk factors in the community.

PM#	Activity	Resources
3	Coordinate and participate in Mason County Community Health Task Force steering committee in identifying current community interventions and develop community strategy and interventions targeting obesity and the consequence burden of chronic disease.	Staff time to participate in task force and related intervention activities
3	Surveying internal and external stakeholders on programs and gaps, reviewing best practices, training staff, and using data to guide program development.	Staff time to participate
