

5930 Work Plan Template Consolidated Contract Deliverable

LHJ Name: Skamania County Community Health
Date: Feb 9, 2010
LHJ Work Plan Contact: Linda McCaulley

Due: February 15, 2010
Send to: tiffany.escott@doh.wa.gov
FAX (360) 586-7424

Performance Measure #1 – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and pediatric influenza.

Reporting Measure

A: Number of doses of vaccine ordered by each LHJ

B: Number of doses administered as recorded in CHILD Profile

PM#	Objectives / Strategies	Action
1	To increase the immunization rates for all children through age 18 in the county	To visit with the local clinic at least twice to educate and train on child profile reminder and recall system
1	Increase HPV vaccine utilization	Promote HPV vaccine in Family Planning Provide educational material in each of the exam rooms
1	To keep the medical providers up to date on current immunization schedules and practices	To be in contact with the medical clinic getting information to them via email, phone, faxing or by visiting.

1		

Performance Measure #2 – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

Reporting Measure

A: Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)

B: Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines

C: Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of “essential fields”

PM#	Objectives / Strategies	Action
2	Increase staff knowledge on CD and reporting regulations	Replace staff Orient new staff to PHIMS Continued training for all staff annually.
2	Increase timely reporting from the medical providers	Communicate with the local clinic regarding the importance of timely reporting to HD. Investigate and follow up on every notifiable condition.
