Performance Measure #1 – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and Pediatric Influenza. **Reporting Measure**

A: Number of doses of vaccine ordered by each LHJ

B: Number of doses administered as recorded in CHILD Profile

PM#	Objectives / Strategies	Action
1	Visit our (1) Clinic Provider Site at least 1X this calendar year to provide education and training on utilization of VFC supplied vaccines and improve the Provider Site's participation in Child Profile.	Plan and implement an annual immunization update for Clinic staff and promote utilization of Child Profile.
1	Provide outreach and promote utilization of the recall reminder system in Child Profile, to Clinic Provider Site, to increase the timeliness of child/adolescent vaccine administration.	Provide and promote ongoing training for LHJ and clinic staff in the use of the reminder recall system.

Performance Measure #2 – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

Reporting Measure

A: Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)

B: Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines

C: Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of "essential fields"

PM#	Objectives / Strategies	Action
2	Promote staff participation in available trainings and updates regarding disease and contact investigation and reporting.	Fund Staff training on communicable diseases and notification protocols.
2	Investigate and follow-up on every notifiable condition.	Timely and complete case investigation & reporting via PHIMS.

Performance Measure #3 – Develop and implement effective community and health care system interventions to address obesity and its consequent burden of chronic disease. Interventions may target worksites, schools, communities, or primary medical care.

Reporting Measure

A: Number and description of LHJ activities and interventions to address obesity or chronic disease and association risk factors in the community.

PM#	Activity	Resources
3	Collaboration with local Hospital System and community partners in promoting educational, outreach, and assessment activities addressing obesity and consequent chronic disease in Columbia County.	Columbia County Health System and Hospital RD, contracted LHJ WIC Program nutritionist, and other community partners.
