FAX (360) 586-7424

Performance Measure #1 – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and Pediatric Influenza.

Reporting Measure

- A:** Number of doses of vaccine ordered by each LHJ
- B:** Number of doses administered as recorded in CHILD Profile

PM#	Objectives / Strategies	Action
1	Work w/ new and/or current providers to provide technical assistance and education on the use of the CHILD Profile to increase the timeliness of child vaccination administration.	RN .20 FTE Educate and assist with learning needs and troubleshooting as needed for effective use of CHILD Profile
1	Work w/ new and/or current providers and Pomeroy School District to coordinate efforts to increase and maintain a 95%+ local child vaccination rate (per DOH/CDC vaccination schedule guidelines).	Coordinate w/ providers and Pomeroy School District so needed school vaccinations are completed at either the clinic or HD.

Performance Measure #2 – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

Reporting Measure

- A:** Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)
- B:** Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines
- C:** Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of “essential fields”

PM#	Objectives / Strategies	Action
2	Fund staff; send to available CD and PHIMs training; familiarize them with PHIMs program; focus contact investigation and follow-up with every NC case.	0.20 FTE of disease investigator Track, investigate, educate, and document cases.
2	Work w/ providers to assist w/ NC investigations and technical assistance as needed to complete cases investigations.	Assist medical providers and staff as needed w/ their cases.

Performance Measure #3 – Develop and implement effective community and health care system interventions to address obesity and its consequent burden of chronic disease. Interventions may target worksites, schools, communities, or primary medical care.

Reporting Measure

- A:** Number and description of LHJ activities and interventions to address obesity or chronic disease and association risk factors in the community.

PM#	Activity	Resources
3	Educate the community ongoing about healthy options through the GCHD website, Hand in Hand Newsletter (every 2 month publication), with a focus on students through coordination with Pomeroy School District.	.60 FTE program coordinator and RNs for program development, website updates, and newsletter.
3	Complete “Child Obesity in Garfield County” data assessment project for 2012 to compare outcomes w/ previous year(s) and provide data for school to use for program guidance.	Ongoing local assessment project that started in 2007 w/ school grades K-10th
	Partner w/ CHAPAB coalition for improvement of Garfield County (ex: assist w/ Safe Routes to School grant research and submission, smoke free events in the parks)	Community involvement to seek ways to make Garfield County healthier & safer.
