

5930 Work Plan Template for Calendar Year 2013

Consolidated Contract Deliverable
Add rows to each table as needed

LHJ Name: Thurston County Public Health & Social Services Department
Date: March 4, 2013
LHJ Work Plan Contact: Deborah Allen

Due: February 15, 2013

Send to: simana.dimitrova@doh.wa.gov
FAX (360) 586-7424

Performance Measure #1 – Increase the uptake of new and under-used child and adolescent vaccines; specifically focusing improvement efforts and reporting on Varicella, Rota Virus, HPV and Pediatric Influenza.

Reporting Measure

A: Number of doses of vaccine ordered by each LHJ

B: Number of doses administered as recorded in CHILD Profile

| PM# | Objectives / Strategies | Action |
|---------|--|--|
| 1 A | Educate VFC Provider Offices about strategies to increase immunization rates in Thurston County focusing on the uptake of underutilized vaccines | Immunization staff will work with provider's offices to schedule routine educational opportunities around improving immunization rates and increasing uptake of underutilized vaccines. |
| 1 A & B | Work with VFC Provider Offices to increase the number of Clinic's using the IIS system for vaccine ordering and management activities | Immunization staff will work with provider's offices to assure they have adequate training to use the IIS to its full potential. Encourage use of the systems by those providers not yet using it. |

Performance Measure #2 – Improve the timely, complete identification and standard, effective investigation of notifiable conditions per WAC 246-101.

Reporting Measure

A: Percent of notifiable condition cases reported to the LHJ within the required timeframe (per WAC)

B: Percent of notifiable condition cases reported to the LHJ where investigation was initiated within the timeframe specified in the Guidelines

C: Percent of notifiable condition cases reported to the LHJ with a completed investigation as indicated by completion of "essential fields"

| PM# | Objectives / Strategies | Action |
|---------|---|--|
| 2 A & B | Continue monitoring timeliness of reporting, initiation and investigation and follow-up of notifiable conditions by Thurston County Public Health through monthly performance measurement. Distribute the information to staff and reporters. | Analyze monthly performance measures Distribute collected performance measurement information through: <ul style="list-style-type: none"> • Staff meetings • CD Updates • Hospital Grand Rounds, infection control network meetings • Website |
| 2 B | Periodically review notifiable condition data in PHIMS CD and STD to identify data entry issues and missing variables and required fields. | Review information collected with staff to improve completion of investigation including collection of all essential fields |
| 2 A & B | Continue updating and revising CD Policy and Procedure Manual include specific guidance around timeliness, initiation and completeness of investigation to assure consistency in follow-up and investigation. | Include staff in review of rewrite of CD Policy and Procedure Manual so they are familiar with timeliness, initiation and completeness guidelines. Provide staff with training about changes. |

Performance Measure #3 – Develop and implement effective community and health care system interventions to address obesity and its consequent burden of chronic disease. Interventions may target worksites, schools, communities, or primary medical care.

Reporting Measure

A: Number and description of LHJ activities and interventions to address obesity or chronic disease and association risk factors in the community.

| PM# | Activity | Resources |
|-----|---|---------------------|
| 3 | SAMPLE: Contract with xyz organization to conduct community health assessment on obesity related topics | Contracted services |
| 3 | SAMPLE: Initiate a coalition with a local school district to provide obesity prevention education | --- |
