

Foundational Public Health Services (Communicable Disease) with 2011 Data from Chelan-Douglas Health District (CDHD); Activities and Services, Performance Measures and Targets (3-5-13)

Communicable Disease Control – managing infectious disease in the community				
<ol style="list-style-type: none"> 1. Provide timely, statewide and locally relevant and accurate information to the state and community on communicable diseases and their control, including strategies to increase local immunization rates 2. Identify statewide and local communicable disease control community assets, develop and implement a prioritized communicable disease control plan, and advocate and seek funding for high priority policy initiatives Ability to receive laboratory reports and other identifiable data, conduct disease investigations, including contact notification, and recognize, identify and respond to communicable disease outbreaks for notifiable conditions in accordance with national and state mandates and guidelines 3. Assure the availability of partner notification services for newly diagnosed cases of syphilis, gonorrhea, and HIV according to CDC guidelines. 4. Assure the appropriate treatment of individuals who have active tuberculosis, including the provision of directly-observed therapy according to Centers for Disease Control and Prevention (CDC) guidelines 5. Coordinate and integrate other categorically-funded communicable disease program and services 				
PHAB v1 Standard/Measure (Beta 2011)	Standard Review Results	Activities and Services	Performance Measures LPHI, 5930, and others	Targets Healthy People (HP) 2020
2.1.1 A (2.1.1B) Maintain protocols for investigation process	Demonstrated		Notifiable Conditions protocols – PHIMS	
2.1.2 L Demonstrate capacity to conduct an investigation of an infectious or communicable disease	Not in 2011 Basic Set	<p>In 2011, the CDHD investigated 57 new STD cases, 51 other new CD cases, and 64 Foodborne complaints.</p> <p>In 2011, the CDHD reported 280 new STD cases to DOH for disease surveillance and investigated 57 of these cases.</p> <p>In 2011, the CDHD investigated 4</p>	<p>WA 2010 rate of Chlamydia infections: 2510/ 100, 000. Rate of Chlamydia infections in Chelan-Douglas 1907/100,000.</p> <p>Percent of treated Chlamydia cases - Chelan-Douglas 96% (WA 98%) (LPHI)</p> <p>In 2011, the CDHD investigated 20% of the STD cases.</p> <p>Percent of TB cases completing treatment: in CD the 2011 rate</p>	<p>Ex: Reduce the rate of Chlamydia infections to XX</p> <p>(MD 2014 Target -431/100,000 population)</p> <p>HP Target 93% (MD 2014 Target 90.6%) Increase TB treatment completion rates</p>

Foundational Public Health Services (Communicable Disease) with 2011 Data from Chelan-Douglas Health District (CDHD); Activities and Services, Performance Measures and Targets (3-5-13)

		new active TB cases, followed 511 case contacts, and provided 338 treatment visits.		
2.1.5 A (2.1.5B) Monitor timely reporting of notifiable/reportable diseases, lab test results, and investigation results	Fully Demonstrated		5930 Perf Measure (State Av 82%) 82% of Non-STD/TB Notifiable Condition Cases were reported to the CDHD within the Required Time Frame per WAC (2010)	
2.2.1 A (2.2.1B) Maintain protocols for containment/mitigation of public health problems and environmental public health hazards	Fully Demonstrated	In 2011, the CDHD administered 182 doses of Child Immunization to patients In 2011, in CD there was one case of vaccine preventable disease.	LPHI (State 50%) In 2011, 72 % of children ages 19–35 months in CD had complete vaccination records on file in the Immunization Registry (4-DTP, 3-Polio, 1-MMR, 3-Hib, 3-HepB, 1-Varicella, 4-PCV)	HP 2020 Target 68% (MD 2014 target 80%)
		In 2011, the CDHD administered 839 doses of Flu Vaccine to patients 11600 Doses of Flu Vaccine Ordered by Providers (not including LHJ offices)	LPHI (State Av 41%) In CD, 43% of adults age 18 or older reported receiving a flu shot during the past 12 months (BRFSS)	HP 2020 Target 80% (MD 2014 target 65.6%)
2.3.1 A (2.3.1B) Maintain provisions for 24/7 emergency access to epidemiological and environmental public health resources capable of providing rapid detection, investigation, and containment/ mitigation of public health problems and environmental public health hazards	Not in 2011 Basic Set			

Foundational Public Health Services (Communicable Disease) with 2011 Data from Chelan-Douglas Health District (CDHD); Activities and Services, Performance Measures and Targets (3-5-13)

<p>3.1.2A (3.1.2B) Implement health promotion strategies to protect the population from preventable health conditions.</p>	<p>Fully Demonstrated</p>			
<p>6.3.4 A (6.3.4B) Determine patterns or trends in compliance from enforcement activities, and complaints</p>	<p>Partially Demonstrated</p>		<p>In 2010, 14 onsite sewage system failures were reported to CDHD, and corrective action was begun within 2 weeks on 14 (100%) of these. (State Av 85%)</p>
