

2012 PHIP Healthy Family Development

On behalf of the Public Health Activities & Services Workgroup and WSALPHO, thank you for taking the time to complete this survey.

The purpose of this survey is to continue our efforts to answer basic questions on what public health does in Washington State. This is the fifth annual survey. This survey is gathering information for activities and services conducted during 2012 (January 1 through December 31). Data from previous surveys, technical notes on each survey topic, and additional information regarding the inventory questions can be found at the [Survey Overview](#). Please refer to the [Technical Notes](#) if you have questions about the definition of any activity or service.

The 2012 survey is divided into eight parts covering different topic areas. The section that follows has 11 questions and addresses activities and services delivered across Washington's local public health agencies in the area of Healthy Family Development.

Notes on Taking This Survey

1. After each question is a "NEXT>" button. The survey, however, will not allow you to proceed if it detects an error (such as a required question left blank). If you are returned to the top of the question, a message in **RED** will tell you how to correct the error.
2. You can move back through the survey to change the answer to questions you have already completed by using the "<BACK" button at the bottom of the page. **DO NOT use the back arrow on your web browser as this may disconnect you from the survey.**
3. At the bottom of each page is a Progress Bar which will give you an approximate estimate of how much of the entire survey you have completed.
4. At any time you can leave this survey before completing it by clicking on the "SAVE" button at the bottom of the page. A return authorization will be emailed to you with a link to continue exactly where you left off. If you do not receive this email to return to the survey, please check your "junk" mailbox or email [Simana Dimitrova](#) for assistance. Please do not start a new survey or we will then have multiple data entries from your jurisdiction.

We greatly appreciate your help and welcome your comments and suggestions. Please complete the survey by April 19, 2012. If you have any questions, please email [Simana Dimitrova](#).

Some of the following items ask about services provided "directly" by your LHJ. For this survey, we define a direct service as one provided by LHJ staff, or by contractors funded by the LHJ to provide this service. A service provided by a community partner that is not funded to do so by the LHJ is NOT considered a direct service.
