## **Clallam County: Water advisory ends for Clallam Bay-Sekiu**

**OLYMPIA** — Clallam Bay-Sekiu residents no longer have to boil their tap water. Tests on samples from the system met safe drinking water standards.

The Clallam Public Utility District #1 (PUD) issued a boil-water advisory to its customers on Monday as a safety precaution after a water pump failed, causing low water pressure. When water pressure is lost, contaminants can enter the water distribution lines.

The PUD repaired the pump and collected water quality samples on Monday. The advisory affected about 1,800 people.

Customers with questions about their water can contact the PUD at 360-452-9771 or 800-542-7859.
