Snohomish County physician suspended for allegedly overmedicating patients

OLYMPIA – The Medical Commission has immediately suspended the medical license of a Marysville physician after she allegedly overmedicated numerous patients, leading to two deaths.

Charges state that Ann C. Kammeyer (MD00019609) committed unprofessional conduct by improperly prescribing opioid medication to numerous patients. She is not licensed as a pain management specialist; however, she admitted that it made up 50 percent of her practice.

Kammeyer routinely prescribed high dosages of opioids that exceeded daily limit rules. Two of her patients died due to the high dosages she prescribed, according to charging documents.

Kammeyer cannot practice as a physician in Washington until the charges are resolved. She has 20 days to respond to the charges and to request a hearing.

The documents in this case can be seen online by clicking “[Look up a health care provider](#)” on the [Department of Health website](#). Copies can be requested by calling 360-236-4700. That number can also be used to file complaints against health care providers in Washington.
