# Things You Should Know as a Military Service Member, Veteran, Eligible Spouse or Domestic Partner:

## Professional licensing of military spouses relocating to Washington:

[ESSB 5969 \(2011 session\)](#), provides provisions for Secretary regulated professions, Boards and Commissions to adopt expedited credentialing processes for qualified military spouses or registered domestic partners holding an out-of-state credential of equal, or substantial equivalency to this state's requirements.

### Agency Reference Link:

[Chapter 18.340.010 / 020 RCW Military Spouses — Professional Licensing.](#)

## Military spouses or registered domestic partners occupational licensing status during displacement outside Washington

[SB 6290 \(2012 session\)](#), makes the same inactive license status available for spouses and domestic partners of military personnel who are deployed or transferred out of state.

While away, military spouses don't need to pay annual renewal fees, and can more easily reinstate the credential upon return to Washington.

### Agency Reference Link:

[RCW 43.70. License moratorium for persons in the service — Rules.](#)

**Evaluating military training and experience toward meeting licensing requirements in medical professions, ESSB 5307 (2011 session)**, is a more complex bill that impacts 22 or more selected health professions.

This bill highlights specific health professions whereby military education, training and experience satisfies credentialing requirements unless the agency determines it is not substantially equivalent.

### The Department of Health is committed to:

- Identifying the various military healthcare occupations that are equivalent to Washington state professions.
- Creating a military to civilian “crosswalk” and other tools to identify equivalent professions and skill levels.
- Identifying gaps in military training that can be closed through additional courses.
- Partnering with educational institutions in order to offer programs and courses that address these gaps. Specifically, we're looking at options to address gap(s) without having professionals repeat training or experience on the civilian side that they got in the military.

## Define Your Future Education Resources

### Defense Activity for Non-Traditional Education Support

(DANTES) provides education support to the Department of Defense-Worldwide.

**Mission** - Create, direct, and manage superior education solutions designed to enrich Service members and veterans by providing leadership and support through effective partnerships across the Department of Defense and education community.
