

PREPROPOSAL STATEMENT OF INQUIRY

CR-101 (June 2004)
(Implements RCW 34.05.310)
Do NOT use for expedited rule making

Agency: Department of Health

Subject of possible rule making: WAC 246-310-715 - General requirements, WAC 246-310-720 - Hospital volume standards, WAC 246-310-725 - Physician volume standards, and WAC 246-310-745 - Need forecasting methodology. The Department of Health (department) is considering reducing institutional and individual volume standards for safe and effective elective percutaneous coronary intervention (PCI) based on recent research.

Statutes authorizing the agency to adopt rules on this subject: RCW 70.38.115 and RCW 70.38.128

Reasons why rules on this subject may be needed and what they might accomplish: The department is considering the issues identified in two rulemaking petitions that would update volume standards for institutions and practitioners performing elective PCI. The department is considering amending rules limited to: changes in volume standards for institutions and practitioners performing elective PCI; bringing volume standards in alignment with national industry standards and recent research that may increase access to services; and the evaluation of elective PCI CoN applications absent numeric need.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies:
Does not apply.

Process for developing new rule (check all that apply):
