

## **Open Public Meeting – October 1, 2015**

The Department of Health (department), Office of Community Health Systems, Emergency Medical Services & Trauma System is conducting an open public meeting to present the department's proposed report on the consideration and use of hydrocortisone and glucagon by emergency medical technicians (EMT) who are certified under chapter 18.73 RCW.

**What:** Proposed report on the consideration and use of hydrocortisone and glucagon by emergency medical technicians certified under chapter 18.73 RCW.

**When:** October 1, 2015 from 10:30 a.m. - 12 noon

**Where:** Department of Health, Town Center 2, 111 Israel Road, Tumwater, WA, 98501, Conference Room 145

This draft report is in response to Substitute House Bill 1625 that passed in the 2015 legislative session requiring the department to provide a recommendation to the legislature by December 15, 2015, on the use of hydrocortisone and glucagon by certified EMTs.

All members of the public are encouraged to participate by providing comments at the public meeting in Tumwater, or by conference call to the public meeting at the below toll-free number, or by submitting comments directly to Dolly Fernandes, EMS and Trauma Section Manager, email:

[Dolly.Fernandes@doh.wa.gov](mailto:Dolly.Fernandes@doh.wa.gov) or telephone: (360) 236-2858. All comments are due to the department by close of business, October 1, 2015.

***You can participate in person or by conference call:***

Call in number: 877-351-4402

Conference Code: 4308297

Presented by: Dr. Lynn Wittwer, Chair, Report Workgroup and Medical Program Director for Clark County.
