On January 20, 2016, the Department of Health (department) filed a Preproposal Statement of Inquiry (CR-101) with the Office of the Code Reviser notifying the public of the department's intent to consider rulemaking to consider amending rules affecting medical test sites to comply with federal regulations and statutory requirements.

We are holding a rules workshop to begin discussing these rules on Monday, March 28, 2016, from 9 a.m. to 11 a.m. The workshop will be held at the Department of Health, Center Pointe Plaza in Kent, WA.

This rule development process is open to the public and we encourage your participation. We will send any draft rule language out for public review and comment as it is developed.
