Period

Reclaimed Water Rulemaking

Update

March 28, 2015

PURPOSE: Provide an update on the Reclaimed Water Rulemaking process and development of the Guidance Document: The Purple Book:

RULE – PROGRESS/STATUS:

- March 31 Rulemaking Advisory Committee (RAC) received a presentation of the 'Proposed Draft Rule' and staff responded to clarifying questions.
- April 3 the 'Proposed Draft Rule' sent to the OTS (office typing service of the Code Reviser office) for formatting and inclusion in the CR-102 documentation.
- April-May prepare CR-102 document packet of Deputy Director Briefing and Signature (May – early June additional Program Updates). The packet contains:
 - OTS Draft Rule
 - CR-102 router and Cover Memo
 - CR-102 form for Deputy Director signature (~June 17, 2015)
 - Preliminary Cost Benefit Analysis and SBEIS (Economist)
 - SEPA (Checklist, Non-Project checklist and Determination of Non-Significance)
 - Draft Citation list
 - Revised Communications Plan, and Rule Proposal Notice information (including Hearing announcements and Tribal Letters)
- June 22 – August 21, 2015 proposed 60-day Public Comment Period.
- September – November develop the CR-103 packet for the Director's signature and adoption.

Purple Book – PROGRESS/STATUS:

- April 3 – Ecology/DOH Internal Workgroup developed a revised draft of the *Reclaimed Water Treatment Facilities Manual: The Purple Book*.
- April 14 – Draft Manual sent to volunteer RAC Manual Reviewers (10 members of RAC) to review and comment by Friday, May 1, 2015.
- Week of May 11-15 Ecology/DOH staff meet with RAC Manual Reviewers to ask comment clarifying questions to develop a new revised draft Manual.
- Goal: develop a draft Manual to accompany the Draft Rule during the Public Comment Period.
