DWSRF Loan Application Workshops

Seven locations and dates available

Do you need help filling out an Emergency loan application or completing your Drinking Water State Revolving Fund (DWSRF) loan application?

Help is available for those who attend a loan application workshop to learn the ins and outs on how to complete DWSRF loan applications. We'll discuss important DWSRF loan application topics, including historical and cultural requirements, and supplemental financial information.

Loan program staff will be available to answer questions and provide one-on-one assistance with your application(s). Thumb drives with the loan applications and required supplemental forms will be available at the workshops. These documents are intended to help you prepare to fill out the online applications.

The workshops are **free**. Dates and locations include:
