Don't get caught with a failed septic system. It's easy to protect. We'll show you how!

A failing septic system can cost thousands of dollars to repair and can be a serious health risk to your family and pets. You can prevent this by properly caring for your septic system.

Attend a **FREE workshop** to learn:

- How does my system work?
- How can I prevent my septic system from needing thousands of dollars in repairs?
- How often should it be inspected or pumped?
- How can I ensure my system is inspected and serviced properly?

Attendees will be entered to win a FREE septic system inspection. A value over \$125!

To find out more, call 425-388-6466 or visit:
www.septic.surfacewater.info

We're here to help. No charge. No inspectors. Just answers.

Septic system care is up to you!

SNOHOMISH HEALTH DISTRICT
