There was no audience present.

**2. OPTIONS REGARDING THE CLINICAL EXAMINATION**

The board reviewed information regarding the administration of holding the March 2011 clinical examination at Bates Technical College. During discussion Vicki Brown informed the board that according to Ken Kais, DDS, and instructor of the denturist program at Bates, there would possibly only be four individuals graduating that could be eligible for the March examination. As this in the case, the board does have a policy on examination administration that states in order to hold the clinical examination, there must be a minimum of five candidates. Eric Hansen said that even though the policy calls for a minimum of five candidates, it would be a good idea to still hold the examination as it will be administered at a different facility than they are used to. A motion was made and seconded to proceed with the examination at Bates. There were four yes votes and one nay.

The final decision of the board is that the March 2011 clinical examination will be given at Bates Technical College.

**3. CONFERENCE CALL WITH SECRETARY MARY SELECKY** – Robert Fettig will update the board on the conference all held on Tuesday, December 21, 2010 between the Secretary of the Department of Health and the Board/Commission/Committee chairs and vice-chairs.

This agenda item was deferred to the March 24, 2011 meeting.

**4. ADJOURNMENT**
