

Washington State's New Chickenpox Vaccine Requirement for Grades 7 - 12

Students in K-6th grade are already required to have two doses of the chickenpox vaccine. The same requirement will now apply to students in grades 7-12. The requirement will start:

- Fall 2015 for 7th-8th grade
- Fall 2016 for 9th-12th grade

Students who already had two doses of the vaccine do not need to repeat it.

Talk to your school nurse, healthcare provider, or visit the Department of Health at: www.doh.wa.gov/VaccineRequirements
