

Washington State Department of Health Request for Adding Legal Date of Marriage to a Marriage Certificate

If you were in a state-registered domestic partnership and married in Washington State, you may use this form to have your legal date of marriage added to your certificate of marriage. RCW 26.60.100 defines the legal date of marriage as the date of the original state-registered domestic partnership. We cannot add the legal date of marriage to a marriage certificate unless you registered your domestic partnership with the Secretary of State's office.

We will send you one certified copy of your marriage certificate

To have your legal date of marriage added to your certificate, complete the following information and mail the form to:
