

## Primary Care Provider Survey Summary Report: Clallam County

Survey year: 2013-2014

The Department of Health (DOH) conducts the Primary Care Provider Survey to obtain health care access data. This data is used in the [Health Professional Shortage Area \(HPSA\)](#) designation analysis. HPSA is a federal program administered by the federal Office of [Health Resources and Services Administration \(HRSA\)](#). A HPSA designation identifies areas with provider shortages for underserved and uninsured populations. To learn more about the program please see the [HPSA Overview](#).

This summary report reflects provider survey responses. The department makes every attempt to establish a close to accurate number of providers by collecting lists from local health departments, the National Provider Identifier Registry and other sources. To meet federal guidelines in the analysis the target response rate is >75%. This report offers an aggregate summary of the survey responses.

For questions about the survey data, methodology, and related information please contact Natalie Ogle at [Natalie.Ogle@doh.wa.gov](mailto:Natalie.Ogle@doh.wa.gov) or by phone at (360) 236-2832. Information on other counties can be found on the [Health Care Access Research Page](#).

GENERAL DEFINITIONS	
<b>Primary Care Physician</b>	Health care professionals who serve as the initial point of contact in the assessment and management of a patient's health care needs. This includes: preventive care; treatment of health ailments; management of chronic illness and conditions; and additional care defined by the practitioner's specialty.
<b>Provider Types and Credentials</b>	Primary care providers are defined by HRSA and exclude naturopathic doctors. For survey purposes credentialing types licensed by the department were used.  Physicians: <ul style="list-style-type: none"> <li>• Doctor of Medicine (M.D.)</li> <li>• Doctor of Osteopathy (D.O.)</li> </ul>
<b>Primary Care Specialty</b>	Primary care specialties are defined by HRSA and exclude specialized care for any of the below listed specialties as well as emergency room, locum tenens (substitutes), hospitalists, occupational medicine, urgent or walk-in clinics, free clinics, and Department of Corrections facilities. <ul style="list-style-type: none"> <li>• Family Medicine or General Medicine</li> <li>• General Internal Medicine</li> <li>• General Pediatrics</li> <li>• General Geriatrics</li> <li>• General Obstetrics/Gynecology</li> </ul>
COUNTY PROFILE	
<b>Clallam County</b>	The United States Census Bureau supplied county data and can be found at: <a href="http://quickfacts.census.gov/qfd/states/53000.html">http://quickfacts.census.gov/qfd/states/53000.html</a>
<b>Population (2013)</b>	72,312
<b>Land area</b>	1,738.33 sq. mi
<b>Major City/Town (Population)</b>	<ul style="list-style-type: none"> <li>• Port Angeles (19,056)</li> <li>• Sequim (6,624)</li> <li>• Forks (3,532)</li> </ul>
	

**Primary Care Provider Survey  
Summary Report: Clallam County**

Survey year: 2013-2014

<b>Provider Headcount</b>	The DOH determined the number of providers within the county by compiling listings from several sources.
	<b>Physicians: 58</b>
<b>Survey Respondents</b>	Respondent is the number of survey responses submitted. Responses were achieved by direct contact and mailings to clinics.
	<b>Physicians: 55 (or 94.8% of surveyed physicians)</b>
<b>Primary Care Specialty</b>  Some respondents may not have selected a specialty	<p>Family Practice: 40          General Practice: 1          Internal Medicine: 4          General Pediatrics: 6          General Geriatrics: 1          OB/Gynecology: 3</p>
<b>Provider Full-Time Equivalency (FTE)</b>	Full-time equivalent is the sum of reported primary care hours (weekly hours >40 were adjusted to 40) then divided by 40 to obtain the total FTE for the county.  One FTE = 40 hours direct patient care per week.
	<b>Physician FTE: 53.4</b>
<b>PROVIDER CHARACTERISTICS</b>	
<b>Proportion Calculations</b>	<p>Proportions are calculated with:</p> <ul style="list-style-type: none"> <li>• Numerator: counts of respondent primary care physicians who indicate the listed characteristic</li> <li>• Denominator: total respondents (physicians)             <ul style="list-style-type: none"> <li>○ <b>Clallam County: n=55, unless noted</b></li> </ul> </li> </ul>
<b>Hospital Admitting Privileges</b>	83.6% of providers, or 46 physicians, have hospital admitting privileges
<b>Multilingual Interpretive Services</b>	58.2% of providers, or 32 physicians, indicate having a resource for multilingual interpretive services in their community.
<b>Transitory agricultural migrant farm workers</b>	Patients and their dependents defined as not having a permanent local address in the area as the practice.
	1.8% of providers, or 1 physicians, indicate having patients and their dependents defined as transitory agricultural migrant farm workers.
<b>Homeless persons</b>	Patients and their dependents defined as those living in unstable, nonpermanent locations such as in shelters, transitional housing, in tents, in cars, or on the streets.
	27.3% of providers, or 15 physicians, indicate having patients and their dependents defined as homeless.
<b>PAYER TYPES</b>	
<b>Medicaid</b>	Federal and state administered payment for low income persons and includes Healthy Options.
