Washington WIC Medical Documentation Form - Infants (Birth to 12 months)

WIC is a supplemental food and nutrition program. WIC doesn't provide all the formula or foods an infant needs each month. Federal regulations require all WIC programs to obtain a formula rebate contract to help contain costs. Washington WIC currently provides Similac Advance or Good Start Soy as the standard formulas.

INSTRUCTIONS:

Client Information: Print first and last name, date of birth, and name of caregiver.

1. Alternate formulas
