

AMENDATORY SECTION (Amending WSR 05-03-055, filed 1/11/05, effective 2/11/05)

**WAC 246-101-101 Notifiable conditions and the health care provider.** This section describes the conditions that Washington's health care providers must notify public health authorities of on a statewide basis. The board finds that the conditions in the table below (Table HC-1) are notifiable for the prevention and control of communicable and noninfectious diseases and conditions in Washington. Principal health care providers shall notify public health authorities of these conditions as individual case reports using procedures described throughout this chapter. Other health care providers in attendance shall notify public health authorities of the following notifiable conditions, unless the condition notification has already been made. Local health officers may require additional conditions to be notifiable within the local health officer's jurisdiction.

WAC 246-101-105, 246-101-110, 246-101-115, and 246-101-120 also include requirements for how notifications shall be made, when they shall be made, the content of these notifications, and how information regarding notifiable conditions cases must be handled and may be disclosed.

AMENDATORY SECTION (Amending WSR 05-03-055, filed 1/11/05, effective 2/11/05)

**WAC 246-101-301 Notifiable conditions and health care facilities.** This section describes the conditions that Washington's health care facilities must notify public health authorities of on a statewide basis. The board finds that the conditions in the table below (Table HF-1) are notifiable for the prevention and control of communicable and noninfectious diseases and conditions. Local health officers may require additional conditions to be notifiable within the local health officer's jurisdiction. Health care facilities are required to notify public health authorities of cases that occur in their facilities. Health care facilities may choose to assume the notification for their health care providers for conditions designated in Table HF-1.

Health care facilities may not assume the reporting requirements of laboratories that are components of the health care facility. Local health officers may require additional conditions to be notifiable within the local health officer's jurisdiction.

WAC 246-101-305, 246-101-310, 246-101-315, and 246-101-320 also include requirements for how notifications shall be made, when they are made, the content of these notifications, and how information regarding notifiable conditions cases must be handled and may be disclosed.
