TUBERCULOSIS SERVICES MANUAL

For persons with disabilities, this document is available on request in other formats. To submit a request, please call 1-800-525-0127 (TDD/TTY 1-800-833-6388).

Table of Contents

1. INTRODUCTION

About the *Washington State Tuberculosis Services Manual*..... 1.2

Purpose..... 1.2
Audience..... 1.2

How to Use This Manual 1.3

Portable document format..... 1.3
Hyperlinks 1.3
Cross-references 1.3
Forms..... 1.3
Bookmarks..... 1.4
Printing..... 1.5
Icons 1.6
Abbreviations 1.7

Purpose of Tuberculosis Control..... 1.10

Washington State Laws and Rules on Tuberculosis Control 1.11

Washington State and National Objectives 1.12

Washington State Tuberculosis Program objectives—2009 1.12
National program objectives 1.13
National Standards & Recommendations 1.15

Roles, Responsibilities, and Contact Information 1.16

WA State Tuberculosis Services Manager 1.16
WA State Tuberculosis Services Medical Consultant..... 1.17
WA State Tuberculosis Nurse Consultant..... 1.17
WA State Tuberculosis Services Support Staff..1.18
Local Health Jurisdictions and

Private Medical Providers..... 1.18
State laboratory & Private Laboratories 1.21

Resources and References..... 1.22

2. SURVEILLANCE

Forms Used in this Section 2.2

Introduction 2.3

Purpose..... 2.3
Policy..... 2.6
Laws and rules 2.6

Tuberculosis Classification System 2.7

Reporting Tuberculosis 2.8

Reporting suspected or confirmed cases of tuberculosis to the local public health jurisdiction..... 2.9
Required reports from local public health jurisdictions to the Washington State Tuberculosis Services..... 2.12

Data Collection Forms..... 2.13

TB PHIMS 2.14

Genotyping 2.15

References..... 2.17

3. B NOTIFICATIONS

Forms Used in this Section 3.2

Introduction 3.2

Purpose..... 3.2
Policy..... 3.7

Follow-up of B1, and B2 and B3 Tuberculosis Arrivals 3.8

Division of Global Migration and Quarantine forms 3.8

EDN Overview	3.9
Patient follow-up	3.10
Evaluation of B1 and, B2 and B3 Tuberculosis Arrivals	3.12
Evaluation activities	3.12
Documentation.....	3.13
Treatment.....	3.14
Resources and References	3.15

4. DIAGNOSIS OF TUBERCULOSIS DISEASE

Forms Used in this Section	4.2
Quick Start Check List	4.3
Tuberculosis Screening Guidelines	4.6
Introduction.....	4.8
Purpose.....	4.8
Policy	4.9
High-Risk Groups	4.7
Case Finding	4.10
Identifying suspected tuberculosis cases.....	4.10
Follow-up on suspected cases of tuberculosis ..	4.12
Diagnosis of Tuberculosis Disease... 	4.13
Medical history	4.14
Human immunodeficiency virus screening	4.16
Physical examination	4.16
Tuberculin skin test and interferon gamma release assays.....	4.16
Chest radiography.....	4.18
Bacteriologic examination.....	4.19
Resources and References	4.22

5. TREATMENT OF TUBERCULOSIS DISEASE

Forms Used in this Section	5.2
Quick Start Check List	5.3
Introduction.....	5.7
Purpose.....	5.7
Forms.....	5.7

Basic Treatment Principles.....5.8

Treatment Regimens and Dosages.....5.10

Regimens	5.10
Dosages	5.14
Duration of treatment.....	5.17

Side Effects and Adverse Reactions

Basic monitoring steps	5.19
Reporting reactions	5.21
Monitoring for side effects and adverse reactions by antituberculosis drug.....	5.22

Response to Treatment.....5.29

Completion of Therapy.....5.30

Post-Treatment Evaluation

Treatment in Special Situations

Drug-resistant tuberculosis.....	5.32
Human immunodeficiency virus infection	5.33
Alcoholism	5.34
Liver disease	5.36
Renal insufficiency and end-stage renal disease	5.37
Tuberculosis associated with tumor necrosis factor-alpha antagonists	5.40
Culture-negative pulmonary tuberculosis	5.40
Extra pulmonary tuberculosis	5.41
Pregnancy and breastfeeding	5.41
Tuberculosis in children.....	5.42

Resources and References.....5.44

6. DIAGNOSIS OF LATENT TUBERCULOSIS INFECTION

Forms Used in this Section

Quick Start Check List

Introduction

Purpose.....	6.6
--------------	-----

High-Risk Groups

Diagnosis of Latent Tuberculosis Infection.....6.8

QuantiFERON®-TB Gold testing 6.8
Mantoux tuberculin skin testing 6.9
Candidates for Mantoux tuberculin skin testing 6.10
Administration of the tuberculin skin test 6.13
Measurement of the tuberculin skin test 6.15
Interpretation of the tuberculin skin test 6.16
Human immunodeficiency virus screening 6.18
Follow-up activities..... 6.18
Chest radiography..... 6.18

Resources and References6.21

7. TREATMENT OF LATENT TUBERCULOSIS INFECTION

Forms Used in this Section7.2

Quick Start Check List7.2

Introduction.....7.3

Purpose..... 7.3

Whom to Treat.....7.5

Susceptible and vulnerable contacts 7.6
Tuberculin skin test results of 5 mm or more 7.7
Tuberculin skin test results of 10 mm or more 7.8
Tuberculin skin test results of 15 mm or more 7.9

Treatment Regimens and Dosages.....7.10

Regimens..... 7.11
Dosages..... 7.12

Side Effects and Adverse Reactions ..7.13

Basic monitoring steps 7.13
Reporting reactions..... 7.15
Monitoring for side effects and adverse reactions by antituberculosis drug 7.16

Adherence7.19

Monthly assessment of adherence 7.19
Directly observed therapy 7.20

Completion of Therapy7.21

Treatment in Special Situations7.23

Human immunodeficiency virus and latent tuberculosis infection..... 7.23
Alcoholism 7.25
Pregnancy and breastfeeding 7.26

Resources and References.....7.27

8. CASE MANAGEMENT

Forms Used in this Section8.2

Quick Start Check List8.4

Road Map.....8.12

Introduction8.20

Purpose 8.20
Policy..... 8.21
Forms 8.22
Acknowledgments 8.22

Initial Assessment8.23

Cultural sensitivity and language issues 8.23
Patient's medical records 8.24
Assessment site 8.24
Discharge planning..... 8.24
Initial assessment activities 8.25

Treatment Plan8.30

Treatment plan components..... 8.31
Planning activities..... 8.32
Implementation activities..... 8.33

Ongoing Assessment and Monitoring8.36

Ongoing assessment activities..... 8.36
Monitoring side effects and adverse reactions 8.40
Monitoring bacteriologic improvement..... 8.41

Completion of Therapy.....8.45

Verifying adequate course of treatment 8.45
Calculating completion of therapy 8.45

Evaluation.....8.47

Staffing Standards.....8.48

Cohort Review8.50

Directly Observed Therapy	8.53
Candidates for directly observed therapy	8.53
How to deliver directly observed therapy	8.54
Adherence to directly observed therapy	8.56
Videophone directly observed therapy	8.58
Incentives and Enablers	8.60
Legal Orders.....	8.61
Resources and References	8.63

9. CONTACT INVESTIGATION

Forms Used in This Section	9.2
Quick Start Check List	9.3
Introduction.....	9.7
Purpose.....	9.7
Policy	9.8
Structure of a Contact Investigation	9.9
Basic steps of a contact investigation	9.9
Contact investigation plan	9.9
Decision to Initiate a Contact Investigation	9.10
Factors predicting transmission	
Of tuberculosis	9.10
Deciding to initiate a contact investigation	9.13
Time Frames for Contact Investigation	9.16
Information about the index patient and transmission sites.....	9.16
Contact evaluation and treatment	9.17
Ongoing management activities.....	9.19
Infectious Period.....	9.21
Index Patient Interviews.....	9.24
Preinterview preparation	9.24
General guidelines for interviewing an index patient.....	9.25
Field Investigation	9.26
Contact Priorities.....	9.28

Index patient with positive acid-fast bacilli sputum smear results or cavitary tuberculosis.....	9.29
Index patient with negative acid-fast bacilli sputum smear results	9.30
Index patient with negative bacteriologic results and abnormal chest radiographs not consistent with tuberculosis.....	9.31
Contact Evaluation, Treatment, and Follow-up.....	9.32
Immunocompromised contacts and children under 5	9.33
Immunocompetent adults and children 5 and older (high- and medium-priority contacts).....	9.35
Contacts with prior positive tuberculin skin tests.....	9.37

When to Expand a Contact Investigation

Guidelines for expanding an investigation.....	9.38
Low-priority contacts	9.39

Data Management and Evaluation of Contact Investigations.....

Reasons contact investigation data are needed	9.40
Approach.....	9.40
Index patient and contact data	9.42
Evaluation of a contact investigation	9.44

Outbreak Investigation.....

Definition of a tuberculosis outbreak	9.45
Deoxyribonucleic acid (DNA) genotyping.....	9.46

Resources and References.....

10. LABORATORY SERVICES

Forms Used in this Section

Introduction

Purpose.....	10.3
Policy.....	10.3

Laboratory Contact Information.....

Available Laboratory Tests.....

Specimen Collection

How to perform spontaneous sputum collection at a healthcare facility	10.17
How to direct a patient to perform spontaneous sputum collection at home.....	10.19
Induced sputum collection at a healthcare facility	10.20
How to collect gastric aspirates	10.21
Bronchoscopy or collection of extrapulmonary specimens	10.22
Specimen Shipment	10.24
Resources and References	10.27
WA State Laboratory References.....	10.28

11. INFECTION CONTROL

Forms Used in This Section	11.2
Introduction.....	11.2
Purpose.....	11.2
Policy	11.3
State Laws and Regulations.....	11.4
Hierarchy of Infection	
Control Measures	11.6
Administrative controls.....	11.6
Environmental controls	11.8
Personal respiratory protection	11.8
Who Should Use a Mask or Respirator	11.12
Two-Step Testing.....	11.13
How to conduct two-step testing	11.14
Isolation	11.15
Estimating infectiousness	11.17
Determining noninfectiousness.....	11.17
Airborne infection isolation.....	11.18
Drug susceptible TB disease	11.22
Return to work, school, or other social settings	11.24
Residential Settings	11.26
Administrative controls in the patient's home...	11.26
Environmental controls in the patient's home ..	11.26

Respiratory protection in the patient's home ...	11.27
Other residential settings.....	11.28
Patient Care Facilities	11.30
Transportation Vehicles.....	11.32
Patient self-transport	11.32
Transport by healthcare workers.....	11.32
Transport by emergency medical services.....	11.32
Resources and References.....	11.33

12. CONFIDENTIALITY

Forms Used in This Section	12.2
Introduction	12.2
Purpose.....	12.2
Policy.....	12.2
Health Insurance Portability and Accountability Act (HIPAA).....	12.3
Centers for Disease Control and Prevention guidance on HIPAA.....	12.3
Revised Code of Washington (RCW)	12.3
National Guidelines	12.4
Resources and References.....	12.5

13. INTERJURISDICTIONAL TRANSFER NOTIFICATIONS

Forms Used in This Section	13.2
Introduction	13.2
Purpose.....	13.2
Policy.....	13.3
When to Initiate a Notification	13.3
How to Issue a Notification	13.5
References.....	13.6

14. BINATIONAL TB CARD (CURE TB)

CONTENTS	
Forms Used in This Section	14.2

Introduction..... 14.2
 Purpose..... 14.2
 Policy 14.3
Issuing a Binational Care 14.3
 Local Health Jurisdiction Responsibilities 14.4
 Role of DOH Nurse Consultant/Epidemiologist 14.4
 Role of DOH TB Services Bilingual LPN..... 14.4
 Responsibilities of DOH TB Nurse Consultant/
 Epidemiologist after notification by DOH LPN ... 14.5
Patient Follow-up 14.6
 TB patients originating in Mexico and traveling
 To WA State..... 14.6
Resources..... 14.7

Patient Education Materials.....15.7
Resources and References.....15.8

FORMS

GLOSSARY

15. PATIENT EDUCATION

Introduction..... 15.2
Introduction..... 15.2
 Purpose..... 15.2
General Guidelines 15.2
Education Topics..... 15.3
 Language and comprehension barriers 15.3
 Medical diagnosis 15.4
 Contact Investigation 15.4
 Isolation..... 15.5
 Side effects and adverse reactions 15.5
 Adherence..... 15.6
