Eating during pregnancy

Suggested Questions:

- What questions do you have about what you should eat while you are pregnant?
- Tell me what you eat and drink on a typical day?

Tips:

- Eat five to six small meals a day.
- Eat more fruits and vegetables.
- Drink lots of water.
- Drink low fat milk and 100% fruit juices.
- Avoid sweetened drinks such as soda, sports drinks, coffee beverages, sugared ice tea, juice drinks.
- Be careful about fast food choices.
- Ask your doctor if you need prenatal vitamins.

Handout:

- *Give your Baby a Healthy Start*

Nausea, constipation and heartburn

Suggested Questions:

- Tell me why you chose this topic.
- When do you feel most sick or uncomfortable?
- What have you tried to relieve your symptoms?

Tips:

- Nausea: Eat crackers. Eat small frequent meals and snacks. Avoid greasy foods. Open windows. Take your prenatal vitamins when you do not feel sick.
- Constipation: Eat more fiber-rich foods. Drink more liquids. Be active every day. Walking is a good choice.
- Heartburn: Eat small frequent meals and snacks. Limit greasy foods, spicy foods and caffeine. Wear loose clothing.

Handout:

- *Common Complaints of Pregnancy*

Unsafe foods during pregnancy

Suggested Question:

- What have you heard about foods you should not eat during pregnancy?

Tips:

- Some foods should be avoided during pregnancy because they contain harmful microorganisms that can make you sick.
- Do not drink raw or unpasteurized milk or juice.
- Do not eat soft cheeses such as queso fresco, Brie or Blue Cheese.
- Do not eat raw or undercooked hot dogs, beef, pork, poultry, seafood, eggs or tofu unless they are reheated until steaming hot (160°F).

Handouts:

- *Listeria*
- *9 Months to Get Ready*

Topic of your choice

Pregnant

Breastfeeding my baby

Suggested Question:

- What have you heard about breastfeeding?

Tips:

- Breastmilk is the best food for your baby.
- Breastmilk has more nutrients than formula.
- Breastfed babies have less colic, allergies, and ear infections.
- Give your baby only breastmilk or formula for the first six months.
- WIC is here to help you with whatever decision you make about feeding your baby.

Handouts:

- #1 Babies First - You are pregnant: Now is the time to think about how you want to feed your baby
- Feeding Your Baby Birth to 8 months
