**Grow with WIC**

Join us to learn about **essential WIC work** and processes. Participants will:

- Learn to assess household size and income.
- Focus on new and emerging policies and procedures, learn what is required and what is "best practice".
- Have hands-on opportunities to learn and practice:
  - Accurate weighing & measuring techniques
  - Nutrition & medical risk assessment
  - Assessing for nutrition practices
  - Correct hemoglobin assessment procedures
- Learn the importance of the WIC food package, how to discuss WIC foods with clients and assign a food package.
- Incorporate client-centered approaches, focus on program integrity and utilize current technologies & tools for continued learning.

***Come ready to practice and learn!***
