WIC and the Farmers Market Nutrition Programs Benefit the Local Economy

Dollars to grocery stores
\$4,342,999

Dollars to farmers
\$10,802

WIC Families

Working families75%

Families living in poverty66%

Even though they are working, the majority of WIC families are living in poverty. In 2008, the monthly income for a family of four living in poverty was \$1,767 or less.

WIC Nutrition Education Promotes Healthy Choices

Total nutrition education sessions 25,253

WIC nutrition education:

- Emphasizes healthy habits so families can eat better and stay active to prevent obesity and other chronic diseases.
- Promotes breastfeeding for at least the first year of life. And, helps working mothers breastfeed longer by providing breast pumps.
- Helps prevent early childhood caries by giving parents ideas for healthy snacks and stressing dental care by age one.

Statewide WIC Facts 2008¹

292,000 pregnant and breastfeeding women and children under age 5 benefit from WIC

- 70% are from working families.
- 12,000 are from military families, including women serving in the armed forces.
- Families receive healthy foods, education and counseling on nutrition and physical activity, referrals, and breastfeeding support.

\$127 million in grocery store sales

- Each client receives checks to purchase an average of \$52 a month in healthy foods.
- Families buy healthy food with their WIC checks at more than 700 grocery stores statewide.

\$738,000 in purchases from local farmers

- With WIC Farmers Market Nutrition Program checks, families can eat more fresh fruits and vegetables from local farmers.

83% of WIC mothers give their child a healthy start by breastfeeding, far exceeding the national rate of 53%.²

- Children who are not breastfed are more likely to have asthma, diabetes, and childhood obesity.³
- Mothers who breastfeed lose pregnancy weight gain more quickly.
- Mothers who do not breastfeed have higher rates of breast cancer and osteoporosis.³

In the past 30 years, Washington WIC has contributed more than \$1 billion in grocery sales and saved an estimated \$700 million in health care costs.⁴
