

## **Ground Rules**

Kim or her designee facilitates the introduction of on-site participants and call-in participants.

Kim or her designee will re-state the “Ground Rules” before Cohort Review begins.

We will not open the door of the waiting room because the client (or whoever comes to Cohort Review late) can call the back office using the “direct line” just outside of TB Clinic.

### **Ground Rules for Cohort Review for Participants**

1. Change cell phone to “vibrate”. When you need to answer, make sure to go out of the room before answering.
2. Please save questions to the end of each case.
3. Please be respectful and remain quiet during the case presentations.

### **Ground Rules for Cohort Review for Listeners**

1. Please mute phone.
2. Please save questions to the end of each case.
3. When asking a question, please state name and location.
