WIC and the Farmers Market Nutrition Programs Benefit the Local Economy

Dollars to grocery stores
\$27,189,070

Dollars to farmers
\$169,554

WIC Families

Working families70%

Families living in poverty63%

Even though they are working, the majority of WIC families are living in poverty. In 2008, the monthly income for a family of four living in poverty was \$1,767 or less.

WIC Nutrition Education Promotes Healthy Choices

Total nutrition education sessions 142,971

WIC nutrition education:

- Emphasizes healthy habits so families can eat better and stay active to prevent obesity and other chronic diseases.
- Promotes breastfeeding for at least the first year of life. And, helps working mothers breastfeed longer by providing breast pumps.
- Helps prevent early childhood caries by giving parents ideas for healthy snacks and stressing dental care by age one.

WIC Attracts Families to Preventive Health Services

WIC referrals 343,398

WIC helps families get the services they need.

Statewide WIC Facts 2008¹

292,000 pregnant and breastfeeding women and children under age 5 benefit from WIC

- 70% are from working families.
- 12,000 are from military families, including women serving in the armed forces.
- Families receive healthy foods, education and counseling on nutrition and physical activity, referrals, and breastfeeding support.

\$127 million in grocery store sales

- Each client receives checks to purchase an average of \$52 a month in healthy foods.
- Families buy healthy food with their WIC checks at more than 700 grocery stores statewide.

\$738,000 in purchases from local farmers

- With WIC Farmers Market Nutrition Program checks, families can eat more fresh fruits and vegetables from local farmers.

83% of WIC mothers give their child a healthy start by breastfeeding, far exceeding the national rate of 53%.²

- Children who are not breastfed are more likely to have asthma, diabetes, and childhood obesity.³
- Mothers who breastfeed lose pregnancy weight gain more quickly.
- Mothers who do not breastfeed have higher rates of breast cancer and osteoporosis.³

In the past 30 years, Washington WIC has contributed more than \$1 billion in grocery sales and saved an estimated \$700 million in health care costs.⁴
