License Requirements

Verification of RN license from your original state of license:

Please visit www.nursys.com to find out if your original state of license is a participating state with the national license verification database. If it participates with NURSYS, follow the directions to register. We can use the site to verify your license.

If your original state of license does not participate with NURSYS, send the verification form in this application packet to your original state of license. They must complete it and send it back to us. You should check with that state to find out if a processing fee is charged. You can find contact information on the NURSYS Web site <https://www.ncsbn.org/515.htm>. A verification is valid for six months from the date processed.

Proof of a current/active RN license:

If your license at your original state of licensure is not current or active we will need proof of a current or active license. If you have an active license from a state that participates with NURSYS, we can obtain license information. If you do not have a current or active license with a NURSYS participating state, visit the state Web site where your license is active. Print the page showing a current or active license and send it with your application. Do not send a copy of your license.

International Trained Nurses License Requirements

- **Testing:** Washington State law requires you to pass the NCLEX-RN exam. It was United States National Exam.
- **Transcripts:** Washington State law requires your transcripts with the degree listed to be sent from the school of nursing. These must be in English and come from the school or another state board.

The state of Washington requires a degree or diploma in nursing from an approved school of nursing. Some states may allow individuals to challenge the national exam. If you have not completed an approved nursing program, you will not be eligible for license in the state of Washington.

2. Personal Data Questions

Yes No

1. Do you have a medical condition which in any way impairs or limits your ability to practice your profession with reasonable skill and safety? If yes, please attach explanation.....

“Medical Condition” includes physiological, mental or psychological conditions or disorders, such as, but not limited to orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional or mental illness, specific learning disabilities, HIV disease, tuberculosis, drug addiction, and alcoholism.

If you answered yes to question 1, explain:

- 1a. How your treatment has reduced or eliminated the limitations caused by your medical condition.
- 1b. How your field of practice, the setting or manner of practice has reduced or eliminated the limitations caused by your medical condition.

Note: If you answered “yes” to question 1, the licensing authority will assess the nature, severity, and the duration of the risks associated with the ongoing medical condition and the ongoing treatment to determine whether your license should be restricted, conditions imposed, or no license issued.

The licensing authority may require you to undergo one or more mental, physical or psychological examination(s). This would be at your own expense. By submitting this application, you give consent to such an examination(s). You also agree the examination report(s) may be provided to the licensing authority. You waive all claims based on confidentiality or privileged communication. If you do not submit to a required examination(s) or provide the report(s) to the licensing authority, your application may be denied.

2. Do you currently use chemical substance(s) in any way which impair or limit your ability to practice your profession with reasonable skill and safety? If yes, please explain.

“Currently” means within the past two years.

“Chemical substances” include alcohol, drugs, or medications, whether taken legally or illegally.

3. Have you ever been diagnosed with, or treated for, pedophilia, exhibitionism, voyeurism or frotteurism?.....

4. Are you currently engaged in the illegal use of controlled substances?.....

“Currently” means within the past two years.

Illegal use of controlled substances is the use of controlled substances (e.g., heroin, cocaine) not obtained legally or taken according to the directions of a licensed health care practitioner.

Note: If you answer “yes” to any of the remaining questions, provide an explanation and certified copies of all judgments, decisions, orders, agreements and surrenders. The department does criminal background checks on all applicants.

5. Have you **ever** been convicted, entered a plea of guilty, no contest, or a similar plea, or had prosecution or a sentence deferred or suspended as an adult or juvenile in any state or jurisdiction? ...

Note: If you answered “yes” to question 5, you must send certified copies of all court documents related to your criminal history with your application. If you do not provide the documents, your application is incomplete and will not be considered.

To protect the public, the department considers criminal history. A criminal history may not automatically bar you from obtaining a credential. However, failure to report criminal history may result in extra cost to you and the application may be delayed or denied.
