Camp Management Plan—Helpful Hints

As an operator or manager of Temporary Worker Housing (TWH), you need to have a Camp Management Plan (plan) for your TWH facility(s). The plan is to assure that your housing is operated in a safe and secure manner and is kept within its approved capacity.

You need to inform your occupants of your Camp Management Plan in a language the occupant understands. Provide individual copies of it to each occupant or post the plan in the housing area for the occupants to see.

For licensing purposes, you also need to provide a copy of your Camp Management Plan to the Department of Health. Please submit your plan in English and Spanish and mail it to the address listed above.

Inspection staff will verify that you have distributed your Camp Management Plan during occupancy inspections.

We have provided a template for the plan on the back of this document. The template provides three of the four essential parts that you need to cover in your plan. Planning is described separately, below. This information will help you establish an effective Camp Management Plan. You can use the template for ideas for your plan or you can copy the template, fill it out, and use it. Whatever you choose, please provide the appropriate information and tailor the rules to your specific needs. The template is also provided in Spanish.

The Four Essential Parts Needed in Your Plan:

Planning:

Explain how you will maintain a safe site. Describe how you ensure security on-site, and describe how you ensure camp occupants can get immediate medical attention and other emergency services. Please submit the descriptions to the department.

Emergency Contact Information:

Provide emergency contact and location information, including how to get a hold of the owner/manager. Important contacts are listed in the template. Please fill in the needed information or create your own list. Remember to provide emergency procedures in case of fire, earthquake, or serious injury. Include others as appropriate.

Fees/Charges:

Include information about any fees or charges required of the occupants to stay in your temporary worker housing.

Camp Rules:

Include camp rules in your Camp Management Plan. Let the list of rules provided in the template serve as examples. Please add and subtract rules as you need for your camp.

Camp Management Plan

These are the rules for living in this camp. The rules are for your protection and are intended to help you live in a safe place. Each person must follow the rules or they may be asked to leave.
