(c) The additional ten hours shall be in areas relating to the various phases of their professional career.

(d) The training in suicide assessment listed in subsection (2) of this section shall count towards meeting the CE requirements.

(2) Beginning January 1, 2014, at least once every six years a certified chemical dependency professional must complete at least three hours of training in suicide assessment, including screening and referral, as specified in WAC 246-811-280.

(a) Except as provided in (b) of this subsection, the first training must be completed during the first full CE reporting period after January 1, 2014, or the first full CE period after initial certification, whichever occurs later.

(b) An individual applying for initial certification as a chemical dependency professional on or after January 1, 2014, may delay completion of the first required training for six years after initial certification if he or she can demonstrate completion of a three-hour training in suicide assessment, including screening and referral that:

(i) Was completed no more than six years prior to the application for initial certification; and

(ii) Meets the qualifications listed in WAC 246-811-280(1).

(3) Nothing in this section is intended to expand or limit the existing scope of practice of a certified chemical dependency professional or certified chemical dependency professional trainee credentialed under chapter 18.205 RCW.

WAC 246-811-250 Acceptable continuing education. (1) Programs having a featured instructor, speaker(s) or panel that is industry recognized;

(2) Distance learning programs;

(3) Agency sponsored trainings;

(4) Course work at institutions of higher learning that are accredited by a national or regional accrediting body recognized by the commission on recognition of postsecondary accreditation; or

(5) In-service training programs limited to seven hours per reporting period.

WAC 246-811-260 Completion of the twelve hours of other professional development activities. (1) A chemical dependency professional (CDP) may obtain hours through the following:

(a) Practicum;

(b) Peer-review including serving on a formal peer review panel or committee, or individual review of a sole provider, where the purpose of the review is to determine whether appropriate treatment was rendered;

(c) Public presentation including preparing and presenting lectures or education that contribute to the professional competence of a CDP. The CDP may accumulate the same number of hours obtained for continuing education purposes by attendees as required in WAC 246-12-220. The hours for presenting a specific topic lecture or education may only be used for continuing education credit once during each reporting period;

(d) Publication of writings;

(e) Other activities as determined by the CDP's supervisor;

(f) Continuing education; these continuing education hours are in addition to the twenty-eight hours of continuing education as listed in WAC 246-811-240.

(2) All documentation must include the dates the continuing competency activity that took place, and if appropriate, the title of the course, the location of the course, and the name of the instructor.

WAC 246-811-270 Acceptable audit documentation for continuing education, professional development activities, and the enhancement plan. (1) Acceptable documentation must be specific to the program completed and include:

(a) Transcripts, letters from course instructors, or certificate of completion;

(b) Written report by the CDP explaining how they achieved the competencies in WAC 246-811-047; or

(c) Signed agreement between parties involved.

(2) A chemical dependency professional must comply with the requirements of chapter 246-12 WAC, Part 7.

WAC 246-811-280 Suicide assessment training standards. A qualifying training in suicide assessment, including screening and referral must:

(1) Be approved by the American Foundation for Suicide Prevention; the Suicide Prevention Resource Center; an industry-recognized organization or an institution of higher learning listed in WAC 246-811-200; or an association which approves training programs based on observation and experiment or best available practices.

(2) Be provided by a single provider and must be at least three hours in length, which may be provided in one or more sessions.

(3) A certified chemical dependency professional who is a state or local government employee is exempt from the requirements of this

section if he or she receives a total of at least three hours of training in suicide assessment, including screening and referral from his or her employer every six years. For purposes of this subsection, the training may be provided in one three-hour block or may be spread among shorter training sessions at the employer's discretion.
