Agency: Chiropractic Quality Assurance Commission

Subject of possible rule making: Chiropractic Credentialing Requirements. The Chiropractic Quality Assurance Commission (commission) is considering revisions to WAC 246-808-010, 246-808-105 through 246-808-140, 246-808-180 through 246-808-190, 246-808-510, 246-808-535, and 246-808-801 through 246-808-830 to clarify, streamline, and modernize the rule language, and to be consistent with current laws and practice standards.

Statutes authorizing the agency to adopt rules on this subject: Chapter 18.25 RCW, RCW 18.25.0171, RCW 18.25.019, RCW 18.25.020, RCW 18.25.030, RCW 18.25.040, RCW 18.25.070, RCW 18.25.075, RCW 18.25.190, RCW 43.70.280, RCW 18.130.064, RCW 18.130.075, RCW 18.130.050, RCW 18.130.175, and RCW 18.130.070

Reasons why rules on this subject may be needed and what they might accomplish: The commission is considering consolidating rules by repealing some sections after incorporating language into other existing sections identified under the scope of this rulemaking; proposing the addition of a new temporary license for military status or military-related status and for applicants applying through the endorsement process; and performing housekeeping throughout the identified rule sections.

The commission is also considering technical amendments to implement Substitute Senate Bill (SSB) 5496 (Chapter 43, Laws of 2022). SSB 5496 updated terminology, definitions, and references for chiropractors. SSB 5496 also made clarifications to confidentiality protections in RCW 18.130.070 for health professional monitoring programs.

Except for the revision of individual rule sections, a comprehensive review of Chapter 246-808 WAC has not been conducted since 1996. The review of the rules identified in the subject of possible rule making satisfy the requirements under RCW 43.70.041 regarding the formal review of existing rules every five years.

The commission withdrew the existing CR-101 filed on October 18, 2016 and published under WSR 16-21-080 in order to file this updated CR-101 to include additional areas of rulemaking.
