FACTS CONSIDERED

- On October 10, 2006, the practice known as Foot & Ankle Surgical Associates, Inc. PS obtained an exemption from Certificate of Need for the establishment of an ambulatory surgery center located in Centralia. The practice and the surgery center were both operated under the corporation.
- On November 18, 2014, Foot & Ankle Surgical Associates, Inc. PS established a new corporation for the practice and the surgery center. The new corporation is FASA Family Wellness, PLLC. Once the new corporation was established, all assets of Foot & Ankle Surgical Associates, Inc. PS will be moved to the new corporation. Foot & Ankle Surgical Associates, Inc. PS will then cease as a corporation.

- The corporation of FASA Family Wellness, PLLC has been registered with the Washington State Secretary of State's office since November 18, 2014. The corporation has two governing members—Terrence E. Hess, DPM and Charles L. McGill.
- The corporation has been registered with the Department of Revenue since January 1, 2015.
- FASA Family Wellness, PLLC is a group practice with three practice sites in Washington State. The practice sites are listed below.

1610 Bishop Road Southwest, #101	Tumwater	98512	Thurston
201 Tahoma Boulevard, #20B	Yelm	98597	Thurston

- This application proposes establishment of an ambulatory surgery center at the Centralia site shown in bold above.
- The proposed ASC would be operated under the corporation of FASA Family Wellness, PLLC.
- At this time, two physicians would use the ASC. Future partners or employees may have access to the ASC. Specific physician credentialing information and practice association is below.

Name	Credential Status	Practice Status
Thomas M. Burghardt	Active	100% employed
Terrance E. Hess	Active	99% Owner

- Charles L. McGill has 1% ownership of FASA Family Wellness, PLLC, but does not intend to use the surgery center.
- Procedures to be performed at the ASC are those typically associated with podiatry. An explanation of the types of procedures was provided in the application.
- The proposed ASC would not be operated under a management agreement.

CONCLUSION

Based on the totality of information considered, the department concludes the proposed ASC would be exempt from Certificate of Need review. This exemption is not transferable and the conclusions reached concerning this proposed ASC are based on the facts about this facility and it should not be assumed the department would reach the same conclusion in future exemption requests for other future ASCs.

If changes are made in the operation or ownership of this proposed ASC, the ASC may no longer be eligible for this exemption. In that case, prior Certificate of Need review and approval or new exemption would be required. Examples of such changes include the following. This list is not intended to be all inclusive.
