<sup>1</sup> Swing beds means up to the first five hospital beds designated by an eligible rural hospital which are available to provide either acute care or nursing home services.

**CONCLUSION**

Based on the totality of information considered, the department concludes the proposed increase in swing beds would be exempt from Certificate of Need review as allowed under Revised Code of Washington 70.38.105(4)(e). This exemption is not transferable and the conclusions reached concerning this project are based on the facts about this facility and it should not be assumed the department would reach the same conclusion in future exemption requests.
