RE: Determination of Reviewability #18-11

Dear Mr. Gibbons:

Enclosed is Certificate of Need #1625 approving Astria Sunnyside Hospital’s exemption request to add 10 psychiatric beds to the hospital located in Yakima County. The psychiatric beds will be used for the development and operation of a mental health services program, including inpatient care.

The certificate is not approval for any other local, federal, or state statutes, rules, or regulations. Such a project may also need Department of Health approval for a construction plan and facility licensing or certification, as well as other federal or local jurisdiction permits.

The Certificate of Need is valid for two years. The project must begin during this time. If there is substantial and continuing progress, we may extend the certificate for one six month period. For an extension, you must submit an extension request at least 120 days before the expiration. You cannot begin a project after the expiration date.

This decision may be appealed. Any person with standing may request an adjudicative proceeding to contest this decision within 28 calendar days from the date of this letter. The notice of appeal must be filed according to the provisions of Revised Code of Washington 34.05 and Washington Administrative Code 246-310-610. A request for an adjudicative proceeding must be received within the 28 days at one of the following addresses:

Olympia, WA 98504-7879

Physical Address:  
Adjudicative Service Unit

Tumwater, WA 98501
We monitor projects until completed or the expiration date, whichever occurs last. We do this with quarterly progress reports. At least 30 days before the report’s due date, you will receive a form to complete and return.

If you have any questions or would like to arrange for a meeting to discuss this decision, please call me at (360) 236-2955.
