Policy:

In recognition of the need of individuals with limited financial resources to obtain certain critical health care services, Snohomish County Public Hospital District No. 1, (the "District") dba EvergreenHealth Monroe, herewith adopts a Charity Care Program (the "Program") for EvergreenHealth Monroe (the "Hospital"). The Board of Commissioner's Policy #4.41 titled "VGH Charity Care," originally approved by the Board on November 12, 2009, is rescinded.

Purpose:

To provide, within reasonable limitations and the financial ability of the Hospital, critical services to patients who do not have sufficient financial resources to pay for services rendered or to be rendered. The Program provides for evaluation, consistent with the criteria stated below, of financial need of the patient or responsible party for the patient.

Eligibility Requirements:

1. Patient requesting charity care must be in need of appropriate hospital based medical services, consistent with applicable federal and state laws and regulations.
2. Patient with an income within EvergreenHealth Monroe's Poverty Guidelines (refer to Schedule A) which are based on the Federal Poverty Guideline.
3. Patient has been screened and determined ineligible for Medicaid or other state programs.
4. Patient is not involved in a situation where someone else has a legal responsibility to pay for the costs of medical expenses, for example an auto accident.

Criteria for Evaluation:

Requests for charity care will be accepted from any source. Typically that will be physicians, community, religious groups, social services, financial services personnel or the patient. If the Hospital becomes aware of factors which might qualify the patient for charity care under this policy, it will advise the patient of this potential and make an initial determination.

1. The patient indicates and appropriately and adequately demonstrates an inability to pay for services rendered or to be rendered. For all purposes of this Policy and the Program, all references to "patient" shall include, as may be applicable, the responsible party for the patient. The Program recognizes, addresses and is limited to, the needs of patients who are "indigent persons" as defined by WAC 246-453-010(4), which may include those who need assistance with medical bills due to temporary or permanent disability or inability to work as a result of catastrophic illness or injury.

Under no circumstances will the Hospital deny access to emergency care to any individuals based on an inability to pay and/or inability to qualify for charity care.

2. When a patient wishes to apply for charity care sponsorship in the Program, the patient shall complete a Confidential Financial Statement ("CFS") and provide necessary and reasonable supplementary financial documentation to support the entries on the CFS. The application procedures shall not place an unreasonable burden upon the patient taking into account any
barriers which may hinder the patient's capability of complying with the application procedures. Screening for eligibility for Department of Social and Health Services (DSHS) will be coordinated through EvergreenHealth Monroe’s financial counselors and Care Management Department.

a. Any of the following documents shall be considered sufficient evidence upon which to base the final determination of charity care sponsorship status: a "W-2" withholding statement, pay stubs, an income tax return from the most recently filed calendar year, forms approving or denying eligibility for Medicaid and/or state-funded medical assistance, forms approving or denying unemployment compensation or written statements from employers or welfare agencies.

In the event the patient is not able to provide any of the documentation described above, the Hospital shall rely upon written and signed statements from the responsible party for making a final determination of eligibility for classification as an indigent person.

b. The patient may also be asked to provide documentation of outstanding obligations and/or other financial resources (e.g., bank statements and/or loan documents). Evidence of excess resources will be considered only if the patient is determined to be at or above 139% of the federal poverty standards.

3. Initial review of a patient's application and recommendation for approval of charity care sponsorship shall be the responsibility of the Patient Financial Services Department. Patient Financial Services representative(s) shall make the "initial determination of sponsorship status," which means an indication, pending verification, that the services provided by the Hospital may or may not be covered by third party sponsorship, or an indication from the patient, pending verification, that he or she may meet the criteria for designation as an indigent person qualifying for charity care. Charity care determinations will preferably be made during pre-admission contacts but will be accepted during admission or at any other time. If the patient is unable to provide supporting documentation, the hospital will rely upon a written and signed statement from the patient. If a patient meets the criteria as an indigent person meeting the above income guidelines, it is not necessary to establish the exact income level or require supporting documentation. An example of this might include an unemployed homeless individual. An initial determination of sponsorship shall precede collection efforts directed at the patient provided the patient is cooperative with the Hospital's efforts to reach an initial determination of sponsorship status. During the pendency, the Hospital may pursue reimbursement from any third-party coverage that may be available or identified to the Hospital.

4. A patient who has been initially determined to meet the criteria for the Program sponsorship shall be provided with at least fourteen (14) days (or such time as the patient's medical condition may require or such time as may be reasonably necessary) to secure and present documentation supporting status as an indigent person, in accordance with WAC 246-453-030, prior to receiving a final determination of Program eligibility. If the patient does not respond to the Hospital's reasonable requests for information and/or documentary evidence within fourteen (14) days (or such time as may be necessary considering the patient's medical condition), the District may deem the charity care application incomplete and pursue such collection activity as it deems necessary and appropriate.

5. In determining the status of a patient as an indigent person qualifying for charity care sponsorship in the Program, the Patient Financial Services representative shall use the criteria set forth in RCW 70.170.060 and WAC 246-453-010 et.seq., which includes a family income as defined in WAC 246-453-010(17) which is equal to or below 300% of the published federal poverty standards, adjusted for family size, or is otherwise not sufficient to enable payment for the care or to pay deductibles or coinsurance amounts required by a third-party payer. In
accordance with WAC 246-453-010(4), the patient must also have exhausted any third party payment sources, including (but not limited to) Medicare and Medicaid.

a. Patients with family income equal to or below 139% of the federal poverty standard, adjusted for family size, shall, pursuant to WAC 246-453-040(1), be determined to be indigent persons qualifying for charity sponsorship for the full amount of hospital charges related appropriate hospital based medical services that are not covered by private or public third-party sponsorship.

b. Patients with family income between 139% -300% of the federal poverty standard, adjusted for family size, shall, pursuant to WAC 246-453-040(2), be determined to be indigent persons qualifying for partial charity sponsorship which allows for discounts from charges related to appropriate hospital based medical services that are not covered by private or public third-party sponsorship, in accordance with the Hospital's sliding fee schedule and policies regarding individual financial circumstances as set forth herein.

c. Pursuant to WAC 246-453-040(3), the Hospital may, in appropriate circumstances and in its sole discretion, classify a patient whose family income exceeds two hundred percent of the federal poverty standard, adjusted for family size, as an indigent person eligible for a discount from charges based upon the patient's individual financial circumstances.

d. Employment Standard – A patient and/or the account guarantor's employment status and future earning capacity will be evaluated. Patients may be qualified due to reduced future earning potential, even if past income exceeded standards. Alternatively, future earnings sufficient to meet the hospital obligation within a reasonable period (e.g., a patient's returning to work within 6 weeks after service) will also be taken into consideration.

6. When the patient is eligible for and meets the guidelines and requirements for charity care sponsorship in the Program, the Patient Financial Services Representative shall forward such recommendation to the Patient Financial Services authorized designee for review. Within 14 days of receipt of all necessary information to make a final determination of Program eligibility, the Patient Financial Services designee shall notify the patient of the final determination, including a determination of the amount for which the patient will be held financially accountable.

7. In the event of a recommendation of denial of an application for charity care sponsorship in the Program, the Patient Financial Services Representative shall forward such recommendation to the Patient Financial Services authorized designee for review. The Patient Financial Services designee will, after review of all relevant information, make a final determination of sponsorship status of the patient. The final determination shall be made within 14 days of receipt of all necessary information.

8. Appeals: Notification of denials will be written and include instructions for an appeal or reconsideration. The patient/guarantor may appeal the determination of eligibility for charity care by providing additional verification of income or family size to the Patient Financial Services department within 30 days of receipt of notification. All appeals will be reviewed by the Patient Financial Services Administrative Management Team and the Chief Financial Officer or equivalent designee. If this determination affirms the previous denial of charity care, written notification will be sent to the patient/guarantor and the Department of Health in accordance with state law. The failure of a patient to reasonably complete appropriate application procedures shall be sufficient grounds for the District to initiate collection efforts directed at the patient. Approval for charity care sponsorship will apply to the injury/illness currently being treated and extend to any other District or Hospital services that have been provided within a 30 day period of time during which the patient qualifies for charity sponsorship in accordance with the Program.
Medical Staff and Allied Health Professionals

Except as provided within this policy, medical staff members and Allied health professionals not employed by the Hospital are encouraged but not obligated to provide charity care in accordance with this Policy, and they may grant full or partial fee waivers in their discretion. An exception is for patients who, through the District, complete an application and are approved for DSHS assistance. Such patients will be notified of DSHS approval and that any "spend down amount" applied by DSHS to a patient's financial responsibility for Hospital charges will be written off as a charity care adjustment.
