

Nurse Staffing Coalition

December 30, 2021

I, the undersigned with responsibility for Providence Centralia Hospital, Centralia, WA, attest that the attached staffing plan and matrixes were developed in accordance with RCW 70.41.420 for 2022 and includes all units covered under our hospital license under RCW 70.41. This plan was developed with consideration given to the following elements (please check):

- Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers;
- Level of intensity of all patients and nature of the care to be delivered on each shift;
- Skill mix;
- Level of experience and specialty certification or training of nursing personnel providing care;
- The need for specialized or intensive equipment;
- The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment;
- Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations;
- Availability of other personnel supporting nursing services on the patient care unit;
- Strategies to enable registered nurses to take meal and rest breaks as required by law or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff.

This staffing plan was adopted by the hospital on: 12/31/2021.

As approved by Darin Goss, Chief Executive
