UW Grad Students:

Crystal Grinnell

Crystal is a first year graduate student that most recently spent seven years as a consultant in the engineering industry. She received her undergraduate degree, Bachelor of Landscape Architecture, from the University of Oregon and is currently a registered landscape architect in the state Oregon. Crystal plans to combine her prior professional experience with environmental engineering to develop creative solutions to improve and protect water quality.

Stephany Wei

Stephany Wei received her B.S.C.E. in our Civil and Environmental Engineering Department this past June and her GPA was near the very top of the class. As part of her senior year electives she took my Onsite wastewater treatment course (Fall2010) and my environmental engineering capstone design class (spring2011).
