STATE OF WASHINGTON
Washington State Department of Health

LEGAL NOTICE
SOLE SOURCE ADVERTISEMENT

Contract: PRV23969

Description of Purpose: The Department of Health’s intent is to enter into a sole source contract with Silver Consulting Group LLC – Alexa Silver.

Criteria or Rationale: The Department of Health (DOH) is looking to build upon previous work with this contractor to further develop a specific strategic health initiative goal known as Tobacco 21. The agency has a large legislative agenda this session that exceeds our staffing capacity.

Silver Consulting Group LLC (SCG) has been working with the department on this specific policy effort in lead up to last session, throughout the last session, and during the interim. SGC is intimately familiar with the many details and politics of this legislation. SCG has built the strong working relationships with the Attorney General's Office (co-agency requestor of this bill), bill sponsors, committee chairs, legislative staff, and community stakeholders who have been working on this for four plus years. SCG has gained the trust and confidence of these individuals, which is critical to our moving forward this proposed legislation.

No other firm has the previous work relationship with the Department of Health and the intimate knowledge of the history of this bill, the essential relationships and trust building with key persons working to passing this legislation. This is what can't be replaced, and certainly, not on short order for this legislative session.
