Financial Statements

Income:
- 2009: $12,426
- 2010: $13,724
- 2011: $14,841

Expense:
- 2009: $11,721
- 2010: $13,201
- 2011: $12,792
Acceptable Financials

- BARS Reporting
- S.A.O. Reports
- Tax Returns (non-municipal)
- Quickbooks (non-municipal)
Financial Statements (Continued)

Date: November 6, 2015

Credit Memorandum, City of Example:

Project Overview: The City is constructing a low pressure membrane filtration and chlorination water treatment facility on city owned property. The facility will provide drinking water in compliance with federal regulations. Costs include but are not limited to; engineering, cultural and historical resources review, environmental review, permits, bid documents, construction, construction administration and city project management to allow the city to meet local, state and federal standards. The city is under a DOH agreed order to have it online by October of 2016.

The projects low pressure membrane filtration and chlorination water treatment facility includes an approximate 6,600 sf building, all process piping, membrane filtration units, chlorination appetitances and storage, mechanical screens, pumps, flow meters, electrical systems, and back up power supply. The treatment plant will include a parking area, landscaping, storm drainage, an access road, sewer, SCADA system upgrades and power service. Site development includes approximately 3,000 LF of underground power.

Rate / Fee / Term: $1,200,000 @ 1.50% / 1.0% loan fee / 20 year term / estimated annual pmt = $69,895.

Financial Analysis:

Income Statement: The income statement reflects good, steadily increasing revenues from stable and reoccurring sources. Operating expense has risen in line with income. The System should be able to easily make the proposed payment.

Balance Sheet: The system does not produce a formal balance sheet so we have no historical asset figures in our analysis. It is anticipated the City will undergo asset management training in the near future and should have the capacity to produce a balance sheet going forward on an annual basis.

Cash Flow Analysis: Cash flow is good and sufficient to make this proposed annual debt payment without a raise in rate. Historical DSCR and operating expense to sales ratios are excellent. The system also shows sufficient liquidity to fund short term debt.

</tbody>
</table>

Do not include "reserved" funds as they can not be utilized as a source of repayment. "Inter-governmental funds", "capital contributions" or "other financing sources" should also not be included, as these are typically not recurring and consistant sources of revenue. Depreciation and Amortization are non-cash expenses and can be added back for cash flow purposes.

**Key Ratios:**

- Operating cash flow ratio measures the borrowers ability to pay debt from operations. If the Ratio is less than 1.0, the borrower is not generating enough cash to pay off its short-term debt.
- Current Ratio measures how many times a borrower can meet its short term debt and is a measurement of liquidity. 
- Quick Ratio, like the current ratio above, is a measurement of liquidity only and takes inventory out of the equation. 
- Debt Service Coverage Ratio, measures the borrowers ability to meet long term debt obligations.

**CPLTD**, Is the borrowers Current Portion of Long Term Debt. Current portion refers to long term debt payments that will be made over the current year. 
**L.T.D reduction:** Tracks borrowers payments of long term debt, also makes it easier to track interest only payments and the potential effects of future P&I payments for forecasting.

- ERU total/rate increase
  - 2,330 ERUs = $48.30 average/month
  - Expected increase to $57.50 at completion
- Affordability index = 1.35%
- Subsidy Y/N = None
- Private partnership = None
- Loan covenants = None
  - If city has minimal cash flow/other circumstances that require annual financial review, information requested here
- Policy exceptions = None
- Recommendations = Approve as presented
Contract Requirements Overview

- Four years to complete project
- Loan repayment starts October 1 after signing contract
- Davis-Bacon requirements
- American Iron and Steel (AIS) project requirement
- Must be current in [SAM.gov](https://www.sam.gov) database
Complete section 106/State Environmental Review Process (SERP) **before** any ground disturbance occurs

- Submit copy of approval letter

Borrowers must maintain dedicated repayment account for the life of the loan

Complete Investment Grade Efficiency Audit (IGEA) on all projects where energy savings is obtainable
# Davis-Bacon Requirements

WA State DOH | 12
DB Wage Decisions

- Insert applicable federal age decision in bid specifications
- Which Wage Determination schedule is “right one?”
  - **Building**: Other enclosed structures
  - **Highway**: Almost anything paved
  - **Heavy**: Everything else (typical DWSRF projects)
  - Additional guidance [here](#)
- Department of Health (DOH) project manager can assist in obtaining wage decision
- Non-municipalities: DOH project manager must pull WD
Welcome to the Wage Determinations OnLine Program!

This website provides a single location for federal contracting officers to use in obtaining appropriate Service Contract Act (SCA) and Davis-Bacon Act (DBA) wage determinations (WDs) for each official contract action. The website is available to the general public as well. Guidance in selecting WDs from this website is provided in the WDOL.gov User’s Guide.

Alternatively, the WDOL.gov Program also provides contracting officers direct access to the Department of Labor’s (DOL’s) “e98” website to submit a request for SCA WDs for use on official contract actions. In some instances, the WDOL.gov Program will not contain the appropriate SCA WD, and contracting officers will be directed to use DOL’s e98 website in order to obtain the required SCA WD. DOL will provide the contracting officer with an SCA WD through the e98 system.

Questions pertaining to the application of contract labor standards or the selection of appropriate WDs for specific contract actions should be referred to the contracting officer or to the designated agency labor advisors. Questions pertaining to this website may be referred to the WDOL.gov Webmaster.

The WDOL.gov Program and the User’s Guide does not relieve the contracting officer or other program user of the requirement to carefully review the contract or solicitation, federal acquisition regulations, and/or DOL regulations related to these actions.

Where the contracting officer selects a SCA or DBA WD using the WDOL.gov Program and DOL later determines, whether before or after contract award, that the appropriate SCA or DBA WD was not incorporated in a covered contract, the contracting officer, within 30 days of notification by DOL, shall include in the contract the applicable WD issued by DOL.

This site is best viewed with Microsoft Internet Explorer 6.0+ or Mozilla Firefox 1.0+ browsers.

**Public Burden Statement**

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S2502, 200 Constitution Avenue, N.W., Washington, D.C. 20210.
Local: ____________________________

I, ____________________________ (Name of Signatory Party) ____________________________ (Title) do hereby state:

(1) That I pay or supervise the payment of the persons employed by ____________________________ (Contractor or subcontractor) on the ____________________________ (Building or Work) day of ____________________________ and ending the ____________________________ day of ____________________________ all persons employed on said project have been paid the full weekly wages earned, that no rebates have been or will be made either directly or indirectly to or on behalf of said ____________________________ (Contractor or Subcontractor) week by wages earned by any person and that no deductions have been made either directly or indirectly from the full wages earned by any person, other than permissible deductions as defined in Regulations. Part 3 (29 C.F.R Subtitle A), issued by the Secretary of Labor under the Copeland Act, as amended (48 Stat. 948, 63 Stat. 102, 72 Stat. 967; 76 Stat. 357; 40 U.S.C. § 3145), and described below:

(2) That any payrolls otherwise under this contract required to be submitted for the above period are correct and complete: that the wage rates for laborers or mechanics contained therein are not less than the applicable wage rates contained in any wage determination incorporated into the contract; that the classifications set forth therein for each laborer or mechanic conform with the work he performed.

(3) That any apprentices employed in the above period are duly registered in a bona fide apprenticeship program registered with a State apprenticeship agency recognized by the Bureau of Apprenticeship and Training, United States Department of Labor, or if no such recognized agency exists in a State, are registered with the Bureau of Apprenticeship and Training, United States Department of Labor.

(4) That:

(a) WHERE FRINGE BENEFITS ARE PAID TO APPROVED PLANS, FUNDS, OR PROGRAMS

D in addition to the basic hourly wage rates paid to each laborer or mechanic listed in the above referenced payroll, payments of fringe benefit as listed in the contract have been or will be made to appropriate programs for the benefit of such employees, except as noted in section 4(c) below.

(b) WHERE FRINGE BENEFITS ARE PAID IN CASH

D Each laborer or mechanic listed in the above referenced payroll has been paid, as indicated on the payroll, an amount not less than the sum of the applicable basic hourly wage rate plus the amount of the required fringe benefits as listed in the contract, except as noted in section 4(c) below.

(c) EXCEPTIONS

<table>
<thead>
<tr>
<th>EXCEPTION (CRAFT)</th>
<th>EXPLANATION</th>
</tr>
</thead>
</table>

REMARKS:

D NAME AND TITLE: ____________________________

SIGNATURE: ____________________________

THE WILLFUL FALSIFICATION OF ANY OF THE ABOVE STATEMENTS MAY SUBJECT THE CONTRACTOR OR SUBCONTRACTOR TO CIVIL OR CRIMINAL PROSECUTION. SEE SECTION 1031 OF TITLE 18 AND SECTION 31 OF TITLE 31 OF THE UNITED STATES CODE.
What if a Classification is Not on My Determination?

- Try to use existing classifications
  - Can an existing classification perform the work?
- Request additional wage rate classifications from Department of Licensing
  - Use standard form 1444
- Get WD agreement beforehand from
  - Contractor
  - Laborer
- “Reasonable” compared to other wage rates already in determination
Monitor for Labor Standards (Recipients)

- Review certified payrolls
  - Weekly submission (including subcontractors)
  - Contractor responsible for review of subs payrolls
  - Fringe benefits/zone pay
  - Verify apprentices

- Conduct on-site review
  - Davis-Bacon poster
  - Federal wage decision
  - AIS site visit
Monitor for Labor Standards  (Continued)

- Conduct employee interviews
  - One per contractor per trade
  - Use interview form

- Submit 21-day labor package to DOH for approval, which includes
  - Statement of intent
  - First two weeks of certified payroll
  - Employee interviews
Procuring a Contractor for Professional Services

- Participating municipalities with MSRC (loans under $300,000): Can use consultant roster
- All others follow competitive process: Advertise “Request for Professional Services” in general circulation newspaper
- Borrowers must have documented review process for proposals and statements
- Check [SAM.gov](http://SAM.gov) for federal exclusion
  - Print findings and keep with records
Procuring a Contractor for Construction

Bidding your project

1. Request federal wage decision in bid specifications (specs)
2. DOH must review bid specs (front end specs) to ensure all federal requirements included
3. DOH must approve bid advertisement before publishing
4. Ad must run once a week for two weeks, with 14 days between last publication and bid opening
5. Check with DOH 10 days prior to your bid opening for modifications to wage decision (10-day wage check)
6. Contact DOH if you receive less than two bids
Procuring a Contractor for Construction (Continued)

After your bid opening

1. Check SAM.gov for federal exclusion on selected contractor/sub-contractors
   - Print findings and submit with Notice To Proceed

2. Conduct pre-construction conference
   - Retain conference minutes in files (send copy to DOH)

3. Issue Notice To Proceed on provided form
   - Send copy to DOH project manager with affidavit of bid solicitation and advertisement
Submitting A-19 Invoice Voucher

- Use provided A-19
- Submit project status report with each invoice
  - Include supporting invoice copies
- A summary sheet of invoices is required for the review process
- Must be current in SAM.gov
- Must have an active account with State Treasurer
Submitting A-19 Invoice Voucher (Continued)

Construction draw requests

1. Environmental process must be complete
2. Approval of construction documents from DOH engineer
3. Must issue a *Notice To Proceed* to construction within 18 months of contract execution
4. 21-day labor package must be submitted and approved by your project manager
5. Include *Labor Standards Certification*
# Invoice Voucher

Project Completion Report

CONSTRUCTION COMPLETION REPORT FORM

In accordance with WAC 246-290-120 (5), a Construction Completion Report is required for all approved construction projects. Operators must submit a Construction Completion Report to us within sixty (60) days of completion and before use of any water system facility. This includes any source, water quality treatment, storage tanks, booster pump facilities, and distribution projects.

Please type or print legibly in ink:

_ Name of Water System_
_ DOH System ID No._
_ Name of Purveyor (Owner or System Contact)_
_ DOH Project No._
_ Date Construction Documents Approved by DOH_
_ Mailing Address_
_ City_, _State_ _ Zip_

PROJECT NAME AND DESCRIPTIVE TITLE: _______

CHECK ONE: ☐ Entire Project Completed. ☐ Description of Portions Completed.

PROFESSIONAL ENGINEER’S ACKNOWLEDGMENT (Complete items below–Attach additional sheets as needed)

The undersigned professional engineer (PE), or their authorized agent, has inspected the above-described project which, as to layout, size and type of pipe, valves and materials, reservoir and other designed physical facilities, has been constructed and is substantially completed in accordance with construction documents reviewed by the purveyor’s engineer or approved by the Department of Health. In the opinion of the undersigned engineer, the installation, physical testing procedures, water quality tests, and disinfection practices were carried out in accordance with state regulations and principles of standard engineering practice.

I have reviewed the disinfection procedures ☐, pressure test results ☐, and results of the bacteriological test(s) ☐ for this project and certify that they comply with the requirements of the construction standards/specifications approved by the Department of Health. (Check all boxes that apply that are consistent with the nature of the project.)

This project changes the physical capacity of the system to serve consumers. The system is now able to serve _______ equivalent residential units (ERUs.) ☐ Not applicable
