Important background check Information: Washington State law authorizes the Department of Health to obtain fingerprint-based background checks for licensing purposes. This check may be through the Washington State Patrol and the Federal Bureau of Investigation (FBI). This may be required if you have lived in another state or if you have a criminal record in Washington State. This would be at your own expense.

All information should be printed clearly in blue or black ink. It is your responsibility to submit the required forms.

License Requirements

Requirements for All Applicants:
The following are requirements for all applicants, including applicants for Administrator-in-Training Requirement, Endorsement, Administrator-in-Training Exemption or Temporary Permits. There are more requirements for each type of credential. Be sure that you are familiar with those requirements as well. (See below.)

☐ Return completed application, along with the application fee.

☐ Official Transcripts that show you completed the requirements for a baccalaureate or higher degree and show program completion date. The transcripts must come directly from your college or university to the Department of Health.

☐ Out-of-state Credential Verification Form. We must receive verification of your license and disciplinary action directly from each state in which you hold or have held a health care credential. We accept electronic verification in place of the form, when available.

AIT Requirements:

Becoming licensed through the administrator-in-training Program includes many steps. There are things you will need before you complete the application process, some that will take place during the AIT, and others once you complete the AIT process. Please review the Administrator-in-Training Process Overview before beginning this process.

In order to process your request you must provide the following:

☐ Requirements for “All Applicants” above.

☐ Letter from your preceptor describing his or her qualifications, including an agreement to perform the duties of a preceptor as defined in WAC 246-843-095.

☐ For applicants who believe they meet the requirements for and wish to request a reduced program, submit a request for the reduced program, including an outline of your education and experience that meet the requirements. Please also submit a copy of the job description(s) that qualify you for the reduced hour program.

☐ For applicants who are taking an AIT program in a facility of less than fifty beds, submit a plan to broaden the AIT experience with an equal percentage of experience in a larger facility.
Once you have been approved for an AIT program, specifying the number of hours, you will be sent a Proposed AIT Program Form:

☐ Complete the Proposed AIT Program form with your preceptor and return. See WAC 246-843-090 for the requirements of the AIT program. It is acceptable to visit other facilities as part of an AIT program. If you plan to work a portion of your AIT at another facility, please be sure to include this as part of your AIT plan.

Once all documentation above has been received, you will be sent a letter stating that your AIT program is approved and indicating a start date. Do not start before you receive this letter. During the AIT program, submit the following:

☐ Preceptor’s Report and Evaluation of Training form quarterly per the schedule set forth on your approval letter. You must either send the original or your preceptor can submit it directly by e-mail.

☐ Progress Report form quarterly per the schedule set forth on your approval letter. You must either send the original or your preceptor can submit it directly by e-mail.

☐ Final Project Report sent by the date set forth on your approval letter.

Your approval letter will give you the end date of the AIT program. As your AIT program concludes, the Department of health program manager will contact you to schedule a site visit with a member of the Board of Nursing Home Administrators.

☐ Once your AIT program is complete, apply to the National Association of Long Term Care Administrators Board (NAB) for examination. You must pass the NAB examination before a license can be issued. Information about the NAB examination is located on their Web site at www.nabweb.org.

NAB will receive approval for you to take the examination directly from the Department of Health and will submit scores directly to the Department of Health.

Endorsement (Reciprocity) Requirements:

Administrators licensed in another state may qualify for licensure through endorsement if the other state has requirements substantially equivalent to the requirements in Washington State. Please see the page entitled “License through Endorsement” to see if your state is considered to be substantially equivalent.

In order to process your request you must provide the following:

☐ Requirements for “All Applicants” above.

☐ Verification of passing the NAB examination. This verification must come directly from NAB. If you were licensed prior to 1986, the Department will accept verification of the examination offered by professional examination services (PES) either from NAB or directly from the state where you were licensed.
AIT Exemption Requirements:

Candidates, including administrators licensed in another state who do not meet endorsement requirements, may qualify for licensure through AIT Exemption if they meet requirements in WAC 246-843-093.

In order to process your request you must provide the following:

☐ Requirements for “All Applicants” above.

☐ Documentation showing that you meet the qualifications in WAC 246-843-093.

☐ Verification of passing the NAB examination. This verification must come directly from NAB. If you were licensed prior to 1986, the Department will accept verification of the examination offered by professional examination services (PES) either from NAB or directly from the state where you were licensed.

Temporary Practice Permit Requirements:

There are two types of temporary practice permits. The first type of temporary practice permit is for applicants seeking permanent licensure who meet endorsement requirements and have submitted all required documentation but are still waiting for a fingerprint background check. The other type is for applicants seeking interim placement at a specific facility for six months or less. This practice permit can be issued only one time.

Applicants seeking permanent licensure: In order to process your request for a temporary practice permit for applicants seeking permanent licensure, you must provide the following:

☐ All documentation required for an endorsement application. (See above.)

☐ A request for the temporary practice permit, along with the fee for the temporary practice permit.

Applicants seeking interim placement: In order to process your request for a temporary practice permit for applicants seeking interim placement, you must provide the following:

☐ Requirements for “All Applicants” above.

☐ A written agreement for consultation with a Washington State licensed nursing home administrator.

Limited License:

In addition to the above licenses, Washington State offers a limited license allowing for a limited extent of authority to administer institutions conducted by and for those who rely upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well-recognized church or religious denomination. This credential is issued to individual’s demonstrating membership in such church or denomination. The applicant employed by such institution is not required to demonstrate proficiency in any medical techniques or to meet any medical educational qualifications or medical standards not in accord with the remedial care and treatment provided in such institutions. Please contact us directly if you wish to apply for the limited license.
Notice to All Applicants: Reference WAC 246-843-130(4)
Within 180 days of initial licensure, nursing home administrators are required to attend a course on laws relating to nursing homes in Washington State. Contact the Department of Social and Health Services (DSHS) at 360.725.2592 to register. 2. Personal Data Questions

1. Do you have a medical condition which in any way impairs or limits your ability to practice your profession with reasonable skill and safety? If yes, please attach explanation.

   “Medical Condition” includes physiological, mental or psychological conditions or disorders, such as, but not limited to orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disabilities, emotional or mental illness, specific learning disabilities, HIV disease, tuberculosis, drug addiction, and alcoholism.

   If you answered yes to question 1, explain:

   1a. How your treatment has reduced or eliminated the limitations caused by your medical condition.

   1b. How your field of practice, the setting or manner of practice has reduced or eliminated the limitations caused by your medical condition.

   Note: If you answered “yes” to question 1, the licensing authority will assess the nature, severity, and the duration of the risks associated with the ongoing medical condition and the ongoing treatment to determine whether your license should be restricted, conditions imposed, or no license issued.

   The licensing authority may require you to undergo one or more mental, physical or psychological examination(s). This would be at your own expense. By submitting this application, you give consent to such an examination(s). You also agree the examination report(s) may be provided to the licensing authority. You waive all claims based on confidentiality or privileged communication. If you do not submit to a required examination(s) or provide the report(s) to the licensing authority, your application may be denied.

2. Do you currently use chemical substance(s) in any way which impair or limit your ability to practice your profession with reasonable skill and safety? If yes, please explain.

   “Currently” means within the past two years.

   “Chemical substances” include alcohol, drugs, or medications, whether taken legally or illegally.

3. Have you ever been diagnosed with, or treated for, pedophilia, exhibitionism, voyeurism or frotteurism?

4. Are you currently engaged in the illegal use of controlled substances?

   “Currently” means within the past two years.

   Illegal use of controlled substances is the use of controlled substances (e.g., heroin, cocaine) not obtained legally or taken according to the directions of a licensed health care practitioner.

   Note: If you answer “yes” to any of the remaining questions, provide an explanation and certified copies of all judgments, decisions, orders, agreements and surrenders. The department does criminal background checks on all applicants.

5. Have you ever been convicted, entered a plea of guilty, no contest, or a similar plea, or had prosecution or a sentence deferred or suspended as an adult or juvenile in any state or jurisdiction?

   Note: If you answered “yes” to question 5, you must send certified copies of all court documents related to your criminal history with your application. If you do not provide the documents, your application is incomplete and will not be considered.

   To protect the public, the department considers criminal history. A criminal history may not automatically bar you from obtaining a credential. However, failure to report criminal history may result in extra cost to you and the application may be delayed or denied.
6. Have you ever been found in any civil, administrative or criminal proceeding to have:
   a. Possessed, used, prescribed for use, or distributed controlled substances or legend
drugs in any way other than for legitimate or therapeutic purposes? □ □
   b. Diverted controlled substances or legend drugs? □ □
   c. Violated any drug law? □ □
   d. Prescribed controlled substances for yourself? □ □

7. Have you ever been found in any proceeding to have violated any state or federal law or rule
regulating the practice of a health care profession? If “yes”, please attach an explanation and
provide copies of all judgments, decisions, and agreements? □ □

8. Have you ever had any license, certificate, registration or other privilege to practice a health care
profession denied, revoked, suspended, or restricted by a state, federal, or foreign authority? □ □

9. Have you ever surrendered a credential like those listed in number 8, in connection with or to
avoid action by a state, federal, or foreign authority? □ □

10. Have you ever been named in any civil suit or suffered any civil judgment for incompetence,
negligence, or malpractice in connection with the practice of a health care profession? □ □

11. Have you ever been disqualified from working with vulnerable persons by the Department
of Social and Health Services (DSHS)? □ □
