An application does not have to be submitted to the Board prior to taking the PMLexis Part III exam. All supporting documents and PMLexis scores must be received before the application will be reviewed for license.
**Limited License**

A limited license may be issued to an individual who is participating in a post graduate training program in Washington State.

Applicants without previous postgraduate training must submit:

Limited licenses are issued for a one year period beginning with the date of entry into the training program. Limited licenses are renewable annually.

**Temporary Permits**

A temporary permit to practice podiatric medicine and surgery may be issued to an individual in another state that has equivalent licensing standards to those in Washington. This license is only for those applying for full license.

- Documentation from the reciprocal state that the licensing standards used for issuing the license are equivalent to the Washington licensing standards.
- Verification of all state licenses, whether active or inactive, indicating that the applicant is not subject to charges or disciplinary action for unprofessional conduct or impairment.
- Verification from the Federation of State Podiatric Medical Board’s disciplinary action data bank that the applicant has not been disciplined by a state board or federal agency. Disciplinary Reports are $50 per report and may be obtained from the Federation:

The temporary permit shall be issued for 60 days after which time it will become invalid. The temporary permit shall be returned to the Department of Health upon expiration or receipt of a full license. A temporary permit shall be issued only once to each applicant.

**Note:** Because verification from the reciprocal state that standards for license are substantially equivalent to Washington standards is required, the temporary license process may not be as expeditious as obtaining full license.

### Podiatric Education

| Podiatric school | Medical Specialty | Year of graduation |

---
1. Do you have a medical condition which in any way impairs or limits your ability to practice your profession with reasonable skill and safety? If yes, please attach explanation...

   “Medical Condition” includes physiological, mental or psychological conditions or disorders, such as, but not limited to orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disabilities, emotional or mental illness, specific learning disabilities, HIV disease, tuberculosis, drug addiction, and alcoholism.

   If you answered yes to question 1, explain:
   1a. How your treatment has reduced or eliminated the limitations caused by your medical condition.
   1b. How your field of practice, the setting or manner of practice has reduced or eliminated the limitations caused by your medical condition.

   Note: If you answered “yes” to question 1, the licensing authority will assess the nature, severity, and the duration of the risks associated with the ongoing medical condition and the ongoing treatment to determine whether your license should be restricted, conditions imposed, or no license issued.

   The licensing authority may require you to undergo one or more mental, physical or psychological examination(s). This would be at your own expense. By submitting this application, you give consent to such an examination(s). You also agree the examination report(s) may be provided to the licensing authority. You waive all claims based on confidentiality or privileged communication. If you do not submit to a required examination(s) or provide the report(s) to the licensing authority, your application may be denied.

2. Do you currently use chemical substance(s) in any way which impair or limit your ability to practice your profession with reasonable skill and safety? If yes, please explain.

   “Currently” means within the past two years.

   “Chemical substances” include alcohol, drugs, or medications, whether taken legally or illegally.

3. Have you ever been diagnosed with, or treated for, pedophilia, exhibitionism, voyeurism or frotteurism?

4. Are you currently engaged in the illegal use of controlled substances?

   “Currently” means within the past two years.

   Illegal use of controlled substances is the use of controlled substances (e.g., heroin, cocaine) not obtained legally or taken according to the directions of a licensed health care practitioner.

   Note: If you answer “yes” to any of the remaining questions, provide an explanation and certified copies of all judgments, decisions, orders, agreements and surrenders. The department does criminal background checks on all applicants.

5. Have you ever been convicted, entered a plea of guilty, no contest, or a similar plea, or had prosecution or a sentence deferred or suspended as an adult or juvenile in any state or jurisdiction?

   Note: If you answered “yes” to question 5, you must send certified copies of all court documents related to your criminal history with your application. If you do not provide the documents, your application is incomplete and will not be considered.

   If you have been granted certificate(s) of restoration of opportunity, please provide a certified copy of each certificate.

   To protect the public, the department considers criminal history. A criminal history may not automatically bar you from obtaining a credential. However, failure to report criminal history may result in extra cost to you and the application may be delayed or denied.
6. Have you ever been found in any civil, administrative or criminal proceeding to have:
   a. Possessed, used, prescribed for use, or distributed controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes?  
   b. Diverted controlled substances or legend drugs?
   c. Violated any drug law?
   d. Prescribed controlled substances for yourself?

7. Have you ever been found in any proceeding to have violated any state or federal law or rule regulating the practice of a health care profession? If “yes”, please attach an explanation and provide copies of all judgments, decisions, and agreements.

8. Have you ever had any license, certificate, registration or other privilege to practice a health care profession denied, revoked, suspended, or restricted by a state, federal, or foreign authority?

9. Have you ever surrendered a credential like those listed in number 8, in connection with or to avoid action by a state, federal, or foreign authority?

10. Have you ever been named in any civil suit or suffered any civil judgment for incompetence, negligence, or malpractice in connection with the practice of a health care profession?

11. Have you ever had hospital privileges, medical society, other professional society or organization membership revoked, suspended, restricted or denied?

12. Have you ever been the subject of any informal or formal disciplinary action related to the practice of medicine?

13. To the best of your knowledge, are you the subject of an investigation by any licensing board as to the date of this application?

14. Have you ever agreed to restrict, surrender, or resign your practice in lieu of or to avoid adverse action?

15. Have you ever been disqualified from working with vulnerable persons by the Department of Social and Health Services (DSHS)?
