No Dispensing of Controlled Substances Registration

If your pharmacy does not dispense controlled substances to Washington State residents, you can complete the No Dispensing of Controlled Substances registration online and submit it to the department. If the department approves your request, your pharmacy will not have to file zero reports for compliance purposes. You will need to resubmit the registration each year when you renew your pharmacy license. By submitting an NDCS registration you’ll be certifying that:

• My pharmacy does not currently deliver any drugs covered by the program (schedule II, III, IV, or V controlled substances or any other drugs added by the Pharmacy Commission) to ultimate users who have a Washington State address.

• If our business practice changes regarding dispensing drugs covered by the program to ultimate users with a Washington State address, we will notify the Washington State Department of Health and begin data submission as required in RCW 70.225.

• My pharmacy will resubmit this form every year with our pharmacy license renewal in order to re-certify that the pharmacy does not deliver any drugs covered by the program to ultimate users who have a Washington State address.

The NDCS registration can be accessed at [www.wapmp.org](http://www.wapmp.org). Look under the “WA Pharmacy/Prescriber Data Uploader” link in the menu on the left of the page and then the “No Dispensing of Controlled Substances” link.
