We’ll show two methods for scheduling multiple, different appointment types for the same family. Choose the method that works best for your participants and for your clinic’s needs. Consider which services different staff provide, participant language needs, and clinic flow to help you decide.

- **In Method 1**, the RD doesn’t do certifications. We schedule a Registered Dietitian appointment for Kelsy Penny who is high risk, and a Subsequent Certification appointment for Mel Penny with a certifier.
- **In Method 2**, the RD does certifications in addition to RD appointments. We schedule a longer Registered Dietitian appointment. The RD sees Johnnie Roberts for a high risk appointment and completes the Subsequent Certification appointment for Maggie Roberts.

Step 2. Choose appointment types and day for your appointments:

1. If the appointments will happen in a future month, use the Mini Calendar to select month and date for desired appointments.

2. Check-mark the appointment types in Available Appointment Types box to refresh calendar with these types.

   **Note:** Once appointment types are selected in the Available Appointment Types box, the types will stay selected for other searches.

3. Double-click the green-colored date field of your choice in the big calendar to get to the Daily Schedule-view of the calendar.

   - Check-mark the appointment types you want to include here.
   - Choices will stay selected for future searches.

Use the **Mini Calendar** to quickly move to future months.

**Important**
Confirm that you’re into correct clinic if your agency has multiple clinics.
Step 3. Choose a time for your appointments:

Note the following:

- **Daily Schedule** is separated into appointments already made (white part on the left) and appointment slots still available (green columns on the right.)
- Each appointment type has its own green column, e.g. FBI, IC.
- Each 15 min slot shows the number of staff available for each appointment type.

1. Select the beginning time of your appointment by clicking your cursor into the column and time slot you want to choose. Repeat for all the appointment types you need.
   - In our example, we need a 30 minute RD appointment for Kelsy and a 30 minute SC appointment for Mel.
2. Double-click any one of the selected appointment slots (blue boxes) to get to the **Manage Appointments** screen.
**Step 4. Add your participants:**

1. In the Manage Appointments screen, select the magnifying glass icon or place your cursor in the search box.
2. Select Enter on your keyboard to display the Search Criteria pop-up screen.

**TIP!**
This search field says to enter Family ID, but it’s not required. Instead:
- Select the magnifying glass icon or
- Place your cursor in the box and
- Select the Enter button on your keyboard

**Step 5. Add your participants:**
1. Check-mark Family and Participant boxes.
2. Enter a few letters or all of last and, if need be, first name.
3. Check-mark Active Only box.
4. Select Search button.
5. In Search Results box, select one of the participants you want.
6. Press the Select button.

**NOTE:** For applicants and expired participants we keep the Active Only box unchecked. However, here we know for certain that both participants are active.

Step 6. Book the appointments:

On Manage Appointments screen:
1. Confirm dates, times, and appointment types.
2. Select participants for each appointment type in Individual drop-down.
3. Select Contact Method drop-down and choose answer:
   - In-person – participant or caregiver in clinic
   - Phone – participant or caregiver called clinic
4. Keep Add to Communication Queue box checked if family wants to receive a reminder email or text.
   - Uncheck box if reminder email or text isn’t needed.
5. Select the Book button.

On the Daily Schedule screen:
- The participants who’ve you just made appointments for now show on the left hand side of the Daily Schedule.

The number of staff available for each appointment type now has reduced by 1.

NOTE
You may have noted that a third person’s name shows in the pull-down. We aren’t scheduling an appointment for Pat, since it’s her last month of benefits.
Leaving Sticky Notes:

- You can leave a note related to an appointment by double-clicking the family name at the top of the individual appointments for a family. This will bring up the **Family Appointments List**.
- Select the yellow sticky note icon to write an appointment-specific note for a participant.
- Save the note by selecting the minimize icon at the top right corner of the sticky note.
- View notes later in the participant’s record by selecting **Quick Links**, then **Scheduling System**, then **Family Appointments**.

**REMEMBER**

- Each time a participant cancels or reschedules the appointment, any sticky notes for that appointment will be lost.
- Use **Family Alerts** for any notes that aren’t specifically appointment-related.
In **Method 2** we schedule a longer Registered Dietitian appointment. The RD sees Johnnie Roberts for a high risk appointment and completes the Subsequent Certification appointment for Maggie Roberts.

- Consider this method if the RD does certifications in addition to RD appointments.
- Choose the method that works best for your participants and for your clinic’s needs. Consider which services different staff provide, participant language needs, and clinic flow to help you decide.

Step 5. Add your participants:

1. Check-mark Family and Participant boxes.
2. Enter a few letters or all of last and, if need be, first name.
3. Uncheck Active Only box.
4. Select Search button.
5. In Search Results box, select one of the participants you want schedule.
6. Press the Select button.

NOTE: Unchecking the Active Only box is best practice and especially important when you have an applicant or expired participant. In our example, Maggie is “expired.”
Step 6. Book the appointments:

On Manage Appointments screen:
1. Confirm dates, times, and appointment type.
2. Always select the high risk participant that actually needs the RD appointment in Individual drop-down.
3. Select Contact Method drop-down and choose answer:
   - In-person – participant or caregiver in clinic
   - Phone – participant or caregiver called clinic
4. Keep Add to Communication Queue box checked if family wants to receive a reminder email or text.
   - Uncheck box if reminder email or text isn’t needed.
5. Select the Book button.

On the Daily Schedule screen:
- Find the appointment you just made.
- Right-click on the name at the top of the family.
- Select Open Family.

TIP!
Add a sticky note that the RD will do both appointment types. Follow steps on page 6.
Step 7. Set a Family Alert to remind staff that RD will do a RD and a SC appointment:

You’ll land in the Family Demographics screen.
1. From Menu bar, select Family Services, then Certification, then Family Alerts.
2. On the Alert Information screen, select the Add button at the bottom right of the screen to add a new alert.

Step 8. Enter Alert information:
1. In the Maintain Alerts pop-up, enter information for the alert:
   - Free-Form or State Defined: keep at Free-form
   - Alert Type: keep Family Alert
   - Status: keep at Active
   - Alert Title: add a brief title
   - Start Date: keep today’s date
   - End Date: Enter the date when the alert isn’t needed anymore. E.g. a day after the appointment date
   - Alert Text: add brief note of what needs to happen (see sample text in our example.)
2. Select Save.
Once you’ve saved your Family Alert, you can find it in the **Alerts List** section.

**Note:**
- Use the pencil icon to edit an alert.
- To delete an alert, select the red X icon.
