1. Do you have a medical condition which in any way impairs or limits your ability to practice your profession with reasonable skill and safety? If yes, please attach explanation. ........................................

"Medical Condition" includes physiological, mental or psychological conditions or disorders, such as, but not limited to orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, intellectual disabilities, emotional or mental illness, specific learning disabilities, HIV disease, tuberculosis, drug addiction, and alcoholism.

If you answered yes to question 1, explain:

1a. How your treatment has reduced or eliminated the limitations caused by your medical condition.

1b. How your field of practice, the setting or manner of practice has reduced or eliminated the limitations caused by your medical condition.

Note: If you answered "yes" to question 1, the licensing authority will assess the nature, severity, and the duration of the risks associated with the ongoing medical condition and the ongoing treatment to determine whether your license should be restricted, conditions imposed, or no license issued.

The licensing authority may require you to undergo one or more mental, physical or psychological examination(s). This would be at your own expense. By submitting this application, you give consent to such an examination(s). You also agree the examination report(s) may be provided to the licensing authority. You waive all claims based on confidentiality or privileged communication. If you do not submit to a required examination(s) or provide the report(s) to the licensing authority, your application may be denied.

2. Do you currently use chemical substance(s) in any way which impair or limit your ability to practice your profession with reasonable skill and safety? If yes, please explain ........................................

"Currently" means within the past two years.

"Chemical substances" include alcohol, drugs, or medications, whether taken legally or illegally.

3. Have you ever been diagnosed with, or treated for, pedophilia, exhibitionism, voyeurism or frotteurism? .................................................................

4. Are you currently engaged in the illegal use of controlled substances? .................................................................

"Currently" means within the past two years.

Illegal use of controlled substances is the use of controlled substances (e.g., heroin, cocaine) not obtained legally or taken according to the directions of a licensed health care practitioner.

Note: If you answer "yes" to any of the remaining questions, provide an explanation and certified copies of all judgments, decisions, orders, agreements and surrenders. The department does criminal background checks on all applicants.

5. Have you ever been convicted, entered a plea of guilty, no contest, or a similar plea, or had prosecution or a sentence deferred or suspended as an adult or juvenile in any state or jurisdiction? ...

Note: If you answered "yes" to question 5, you must send certified copies of all court documents related to your criminal history with your application. If you do not provide the documents, your application is incomplete and will not be considered.

If you have been granted certificate(s) of restoration of opportunity, please provide a certified copy of each certificate.

To protect the public, the department considers criminal history. A criminal history may not automatically bar you from obtaining a credential. However, failure to report criminal history may result in extra cost to you and the application may be delayed or denied.
6. Have you ever been found in any civil, administrative or criminal proceeding to have:
   a. Possessed, used, prescribed for use, or distributed controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes?
   b. Diverted controlled substances or legend drugs?
   c. Violated any drug law?
   d. Prescribed controlled substances for yourself?

7. Have you ever been found in any proceeding to have violated any state or federal law or rule regulating the practice of a health care profession? If “yes”, please attach an explanation and provide copies of all judgments, decisions, and agreements.
