Laboratory Science Profession

Profession in high demand
- Numerous and varied job opportunities
  - Phlebotomist
  - Laboratory Assistant
  - Medical Laboratory Technician
  - Medical Laboratory Scientist / Medical Technologist
  - Cytotechnologist
  - Histology Technician
  - Histology Technologist
  - Cytogeneticist
  - Molecular biologist
- Profession ranked in the top 18 of “best jobs” in comprehensive national survey
- Positions available for Master degree and PhD level practitioners
- Unlimited choice of practice settings: hospital, reference laboratory, physician office, research, industry, biotechnology, education. …

Career Description
Medical laboratory professionals perform laboratory tests necessary to provide information for use by physicians in detecting, diagnosing or treating diseases. They are vital members of the health care team; 70-80% of all clinical diagnosis is based, in some way, on laboratory test results.

Training and Requirements
The minimum education requirements for the Medical Laboratory Scientist (MLS) / Medical Technologist (MT) is the completion of a Bachelor’s Degree program, which includes three to four years of course work plus a clinical experience in an accredited educational program in clinical laboratory science. Academic course work is available at Central Washington University, Eastern Washington University, Pacific Lutheran University, Seattle Pacific University, Seattle University, the University of Washington and Washington State University. The education programs providing the clinical experience are Providence Sacred Heart Medical Center, the University of Washington, and Heritage University CLS Program.

The most common training for the Medical Laboratory Technician (MLT) is a two-year Associate Degree program. In Washington, training for MLT-AD is available at Clover Park Technical College, Shoreline Community College and Wenatchee Valley College. Wenatchee Valley College also has regional programs located in Spokane, Omak, Tri-Cities, Pendleton, Walla Walla, and Moses Lake.

There are no schools for Cytotechnology (CT) in Washington at the current time. Information about Cytotechnology can be obtained from the American Society for Cytotechnology. Clover Park Technical College in Lakewood has an associate degree histology technician program. The National Society for Histotechnology can also provide information on Histotechnology careers.

Information on cytogenetics training, can be obtained from the Association of Genetic Technologists at www.agt-info.org.

Skills needed include:
- Aptitude for science course work
- Good eye/hand coordination and manual dexterity
- Good communication abilities
- Ability to work with precision and accuracy
- Ability to problem solve
- Ability to work well under pressure
- Ability to work as a team player
Training Programs In Washington State

Medical Laboratory Science / Medical Technologist Programs (Bachelor Degree):

Heritage University CLS Program
3240 Fort Road
Toppenish, WA  98948
Contact:  Terese Abreu
Phone:  (509) 454-6100
e-mail: clinicallab@heritage.edu
Website:  Heritage University CLS Program

Providence Sacred Heart Medical Center
School of Medical Technology
101 West 8th Avenue
Spokane, WA  99220
Contact:  Laurianne Mullinax
Phone:  (509) 474-3382
e-mail: laurianne.mullinax@providence.org
Website:  PSHMC Medical Laboratory Science Program

University of Washington
Medical Technology Program
Department of Laboratory Medicine
Box 357110
Seattle, WA  98195
Contact:  Mzx Louzon
Phone:  (206) 598-6189
e-mail: mj louzon@uw.edu
Website:  UW Medical Laboratory Science Program

Medical Laboratory Technician Programs (Associate Degree):

Clover Park Technical College
Medical Laboratory Technician Program
4500 Steilacoom Blvd. SW
Lakewood, WA  98499-4098
Contact:  Terry Kotrla
Phone:  (253) 589-5625
e-mail:  terry.kotrla@cptc.edu
Website:  Clover Park Technical College

Shoreline Community College
Medical Laboratory Technology Program
16101 Greenwood Avenue North
Seattle, WA  98133-5696
Contact:  Mindy Raulston
Phone:  (206) 546-6947
e-mail:  raulston@shoreline.edu
Website:  Shoreline Medical Lab Technology Program

Wenatchee Valley College
Medical Laboratory Technician Program
1300 5th Street
Wenatchee, WA  98801
Contact:  Parick Tracy
Phone:  (509) 682-6668
e-mail: .ptracy@wvc.edu
Website:  Wenatchee Medical Lab Technical Program
