Click on the Users tile.

Good Morning

Administrative Tasks

User Requests Users Systems Regions Facilities

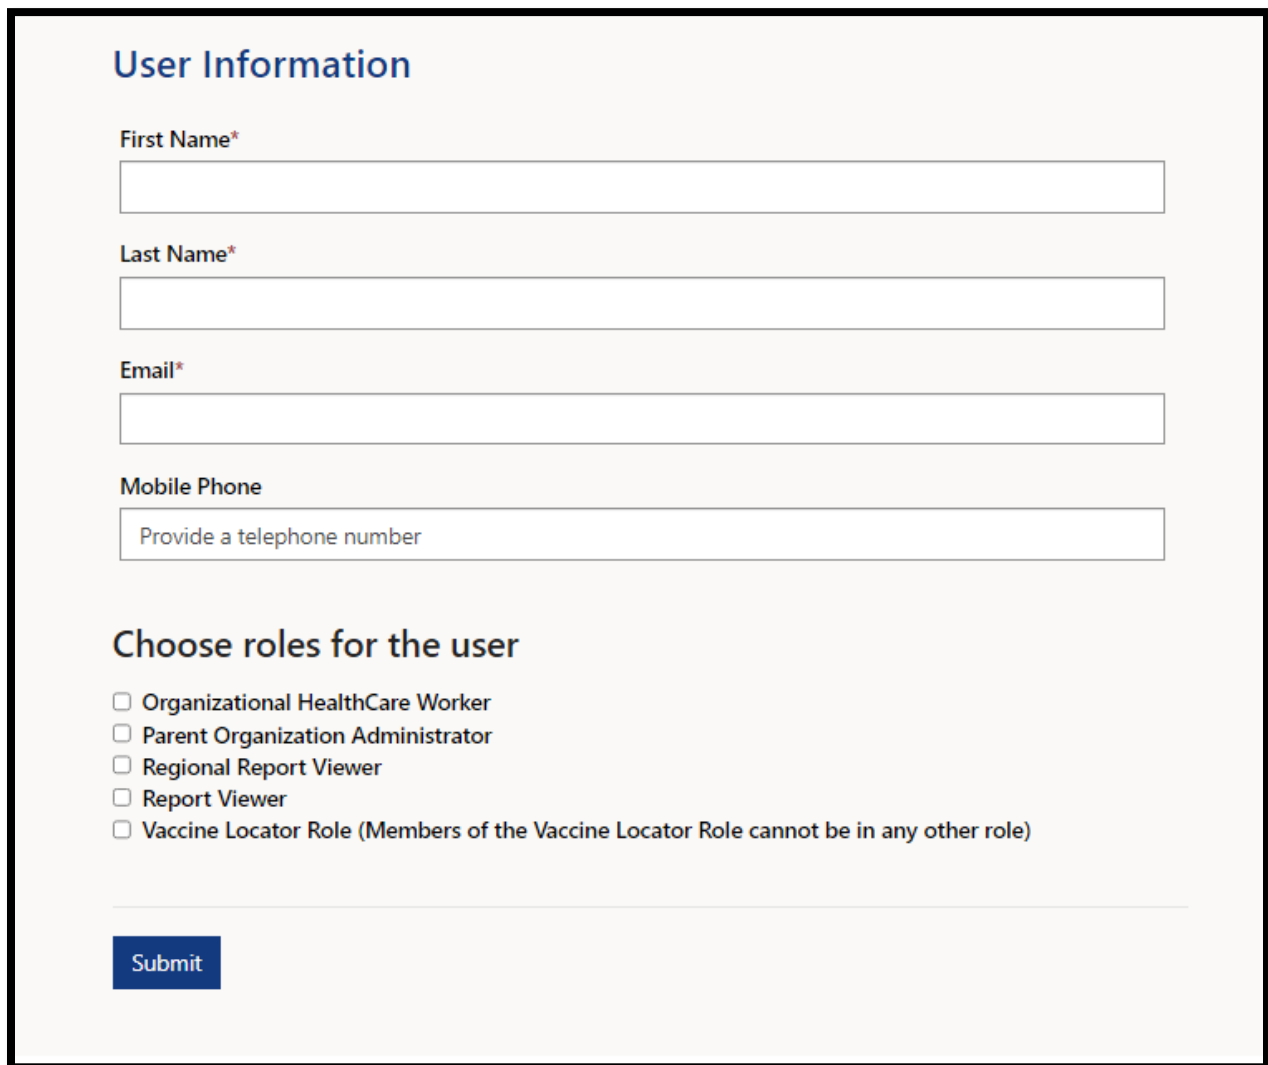

You will see all the current users for this facility.

Click on the Create Button.

The screenshot shows a web interface for managing users. At the top, there is a navigation bar with a back arrow and the text 'Administration Home'. Below this, there is a section titled 'All Active Users' with a dropdown arrow. To the right of this section is a search bar with the placeholder text 'Search' and a magnifying glass icon, followed by a blue 'Create' button with a plus icon. Below the search bar, there is a table with the following headers: 'Full Name ↑', 'Email', 'Mobile Phone', 'Parent Organization', and 'Manage'.

Enter the appropriate information – click on submit.

The screenshot shows a 'User Information' form. The form has a title 'User Information' in blue. Below the title, there are four input fields: 'First Name*' (with a red asterisk), 'Last Name*' (with a red asterisk), 'Email*' (with a red asterisk), and 'Mobile Phone'. The 'Mobile Phone' field has a placeholder text 'Provide a telephone number'. Below the input fields, there is a section titled 'Choose roles for the user' with five checkboxes: 'Organizational HealthCare Worker', 'Parent Organization Administrator', 'Regional Report Viewer', 'Report Viewer', and 'Vaccine Locator Role (Members of the Vaccine Locator Role cannot be in any other role)'. At the bottom of the form, there is a blue 'Submit' button.

Roles:

Organizational Healthcare Worker – You need to have this role to enter data into the system. This role is responsible for submitting and updating data on behalf of the facility.

Report View – Can access the dashboard and export all reports associated with their parent organization. Note: To export data on the dashboard to an Excel sheet, click on the ellipses (“...”) on the top right of the report.

Regional Report Viewer – can only access the dashboard and export reports for various facilities. Users with this role do not need to be associated with a specific facility or parent organization. Note: Export to Excel is located under the ellipses (“...”) on the top right of the report.

Parent Organization Administrator – Can add & remove users to your system. This role can access the Administration section of the WA HEALTH portal where facility and user information are updated. Limiting the number of users with this role is recommended.

Please Note: While still in our interface, the Vaccine Locator Role has been retired. Please do not select this role.

Once you submit the new user information, the new user will receive an auto generated email invitation from the WA HEALTH system explaining how to complete their registration process. **Note:** The new user must have a Secure Access Washington (SAW) account with the same email used in WA HEALTH to login. This email must be their **primary** email in SAW. If they do not have a SAW account, they can create one here: [Secure Access Washington \(SAW\)](#).

Sign Up For An Account

[Español](#)

Fill in the following form to sign up for an account. If you are not sure if you already have an account, [check here](#).

Personal Information

First Name

Last Name

Primary Email

Contact Information For Security (Optional)

Provide additional contact information to receive security codes and reduce the chance of losing access to your account. You can add or edit additional contact information later in your SAW account settings.

Additional Email Address (Optional)

Removing a User

You must have the “Parent Organization Administrator” role to perform these functions.

Log into the WA HEALTH home page: <https://wahealth.doh.wa.gov/SignIn>.

You will be directed to Secure Access Washington (SAW) to authenticate your account. Then you will be re-routed back to WA HEALTH.

If you have any questions or concerns for the WA HEALTH team, please email us at wahealth@doh.wa.gov.

Scroll to the Administration tile & click on this tile.

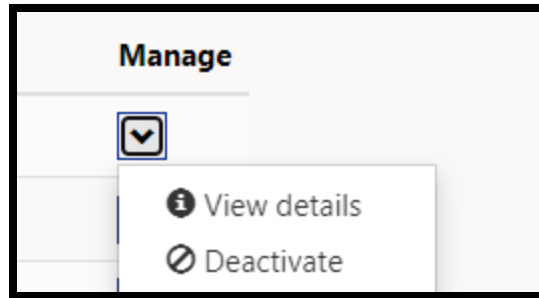

Click on the Users tile.

You will see all the current users for this facility.

Review your current active user list. Are there users listed that are no longer with the facility or users that no longer need access to the WA HEALTH platform?

Click on the Manage button across from their name.

Click on Deactivate.

Their name will no longer be on the Active Users list and the individual will no longer have access to WA HEALTH.

User Request

The User Requests tile is where you can monitor individuals who have requested access to WA HEALTH at your facility.

After clicking on the tile, you will be able to view pending user requests here.

If there are any names that you need to approve, click on manage (next to the name) and review the account. Check the roles and approve or decline the user.

Scroll to the Administration tile & click on this tile.

Click on the Facility tile.

Facilities setup is where a facility can set up or update ICU bed Types. You will see all the facilities under your Parent Organization. Click on the manage button next to the facility and then click edit.

This page is where facilities can update their applicable bed types (ex: Adult ICU, Pediatric ICU, Neonatal ICU).

A screenshot of a web form titled "Facility Info". The form contains several input fields: "Facility Name*" (with a blue bar), "DOH Number" (with a blue bar), "Region" (with a blue bar and a search icon), "CMS Certification Number (CCN)" (with a blue bar), and "Facility Type" (with a dropdown menu showing "Acute Care Hospital" and a search icon). Below these fields are four checkboxes: "Does this facility have an ED or Overflow location?" (checked), "Does this facility have an Adult ICU?", "Does this facility have a Pediatric ICU?", and "Does this facility have a Neonatal ICU?". At the bottom, there is a section titled "Facility Address" with two input fields: "Address: Street" and "Address: City".

We Are Here for You

Thank you for your meaningful contribution to our state's reporting.

Additional resources including the WA HEALTH User Guide and Frequently Asked Questions (FAQs) can be found on the Department of Health's dedicated [WA HEALTH webpage](#). You can always reach us directly with any questions or ideas for how we can better support you at wahealth@doh.wa.gov.
