Instructions for Completing the Request for Fees Form

The spreadsheet is a summary of your fee requests. Fees should be shown at the level for which authorization needs to be provided. Detail should be included in the required decision package. The spreadsheet consists of the following information:

Agency #	Enter the 3 digit agency code on each line. For agencies that submit budgets at program level, also include the program code if it is relevant.
Agency Name	Enter the agency name on each line. Individual agency spreadsheets will be combined in a statewide master, so each fee needs to be identified by agency.
Fee Code	Enter the 4 digit fee code from the 2016 Fee Inventory. If fees are shown at the fee group level, enter the fee group code.
Fee Name	Enter the corresponding fee name or fee group name.
Is a bill required?	Unless otherwise exempted, fees may only be imposed or increased if approved by the legislature. Request legislation is not required for any new fee or increased fee if an agency already has existing statutory authority to impose or increase that fee.
Z-Draft #	If request legislation is required, enter the Z-draft number. If you don't have a Z-draft yet, enter "Pending".
New, Increased, Continued	Enter "New" for a proposed new fee, "Increased" for a proposed increase to an existing fee, or "Continued" to reauthorize an expiring fee.
Incremental Revenue	Enter dollars in thousands for each fiscal year. These dollars should match the revenue submitted with your budget request.
GF-S/Other Funds	Enter dollars in the appropriate columns to identify General Fund-State revenue or Other Funds revenue. In the Explanation column, identify the other accounts.
Tied to Expenditure Change?	Does this fee change request support new or existing expenditures? Is the increase tied to a cut or fund shift?
Fee Payer Position	Who initiated this request: Fee payers or the agency? Do fee payers support the change? Do they oppose it?
Explanation of the Change	Provide context for the change. Include rate changes, methodology changes, the percentage increase, changes in who pays, whether the program is self-supported by fees, and other relevant information.
Comments	If you have additional comments, show them at the bottom of the spreadsheet. Identify the fee code to which the comment relates.

Do not add or delete columns.

Data will wrap if it is too wide for the column.

If you need more rows, insert them between the heading row and the Comments row.

Questions? Contact your assigned OFM analyst or Budget Operations at op@ofm.wa.gov or 360 902-0555.

Fee payers	Revenue from fees will replace depleted
requested changes	federal grant funds. The \$11 fee will
and support the fees	commence 3/1/21 for health professionals
	including naturopathic physicians,
	optometrists, osteopathic physicians,
	osteopathic physician assistants,
	pharmacists, physicians, physician
	assistants, podiatrists, dentists, and registered nurse practitioners. It will be
	deposited to the Health Professions Account
	deposited to the Health Folessions Account
Dept. initiated fee	This increase would allow fees to fully cover
increase. Fee	the costs of the Adult Family Home oversight,
payers oppose	thereby eliminating the GFS subsidy for
	licensing activities. Fees would change from \$175 to \$375 in the second year of the
	biennium in order to bring them up to 100
	percent of cost recovery. New account
	created in the proposed bill.
